## U. S. 60 Interstate Designation Viewed

Music is a relative thing. What sounds toe-tapping to some may be enough to send up a howl from others. Denise Shipp of Friona High School plays her clarinet to the not-too-musical restraint of a dog found romping on the West Texas State University campus.

Miss Shipp is in Canyon this week to participate in the annual band camp. The dog and Miss Shipp were brought together for their concert by WTSU photographer Andy Hester.

BY CARROLL WILSON

U.S. Highway 60 just north of Canyon could become an interstate thoroughfare if plans now being laid in Eastern New Mexico and Texas Panhandle towns are carried through.

The Canyon News learned this week that a meeting involving seven area towns will be held next week to discuss the possibility of having U.S. 60 designated an interstate highway from Canyon to Clovis, N.M.

The proposal is only part of a larger plan put together by several towns in Eastern New Mexico which would link Interstate 40 in Amarillo with Interstate 10 in Las Cruces, N.M.

If the highway designation change between Canyon and Clovis is approved, the road must be brought up to federal interstate highway standards within 12 years, according to LeRoy Tillery of the Amarillo Chamber of Commerce.

Tillery, who has been working with Chamber of Commerce managers in towns all along the U.S. 60 and I-10 routes, said the current highway almost meets federal standards right now.

He said, though, that grade crossings from various roads would have to be eliminated or brought to federal standards.

Enthusiasm for the redesignation proposal has been on the rise in New Mexico for more than five years, according to Tillery, but no action has been taken until recently.

An amendment to a bill introduced by Sen. Montoya of New Mexico was recently passed by the Congress to allow states to designate a section of highway within their boundaries as part of the interstate highway system, pending the approval of the federal highway commission.

The amendment paved the way for serious consideration of the U.S. 60 redesignation.

Tillery said no efforts have been made on a Congressional level to obtain funds for the construction which will be required to bring U.S. 60 up to interstate standards.

He said, though, a group from the Amarillo Chamber went to Roswell in 1969 to present backing for the New Mexico towns in their efforts to obtain the redesignations.

Even the state highway department is in only the informational stages.

C.W. "Chili" Smith, district engineer for the department, said he will probably attend next week's meeting on an unofficial basis.

He said he believes the interstate redesignation and construction plan is only in the planning stages. He said his office has not been authorized to do any work on the project.

Amarillo Chamber of Commerce Manager Don Hileman said several meetings on the pro-

posed interstate project have been held in the past.

But, for Canyon's chamber, the invitation received last week for next week's meeting is the first word about such a proposal.

Chamber President David West expressed surprise when told of the plans.

West, who along with other chamber board members is gunshy of interstate projects, said a

group from Canyon will attend the meeting.

Canyon has been wrestling with the Texas Highway Department for several years about a proposed Interstate 27 highway which would connect Amarillo and Lubbock, bypassing Canyon.

The highway department proposes a route which would take

## The Metro Squad

(AN EDITORIAL)

Is the Metro Intelligence Unit really needed?

This question has been asked repeatedly during the past week by perplexed officials in Potter and Randall Counties.

Consensus seems to be that it is needed.

The big question is how is it to be supervised. One suggestion is to put it under direct supervision of the Amarillo police chief.

If this is done, it undoubtedly would have a tendency to become only an arm of the Amarillo Police Department.

The concept of a Metro Unit as an elite, maneuverable law enforcement body is ideal. But like most ideal concepts it is in practice a near impossibility.

Although it opens the way for brilliant police work, it also serves as a paved road to corruption. When officers for its ranks are drawn from area enforcement agencies the whole group is discredited when a breath of scandal touches the unit.

For a Metro Unit to operate at all it must have almost unlimited, rather loosely audited funds. It must have underworld contacts and it operates in secrecy.

These are prime ingredients for corruption.

Add this to the need of such a unit to produce arrests and convictions in order to justify its existence and you have a condition under which justice might not always be served.

As it stands now, the Metro Unit is a failure.

Unless a viable plan for its operation is presented, reasons for disbanding it far outweigh even the most valid reasons for keeping it.

## Telephone Rate Increase Reported In Offing Here

Southwestern Bell Telephone Co. intends to seek a telephone rate increase in Canyon as soon as a similar request is acted on in Amarillo, a usually reliable source told The News recently.

The source said the rate hike request could be as high as 37 per cent.

The phone company requested to appear before Amarillo city commissioners three weeks ago to discuss a rate increase in that city.

At mid-week, the possibility was strong that the inactive West Texas Utilities Committee, a group of some 50 cities which joined together two years ago to question a rate hike request by Pioneer Natural Gas Co., would be reactivated with the intent of challenging Southwestern Bell's request.

At least one city has shown an interest in reviving the utilities committee in anticipation of a rate hike request from the telephone company for towns throughout the Panhandle.

A meeting may be called in the near future to discuss the possible rate hike.

Meanwhile, Bell Telephone officials neither deny nor confirm The News information that a rate hike request is coming.

D.D. Dillard, district manager of the company in Amarillo, declined earlier this week to say whether the system will seek a rate increase here.

"If it looks like a rate increase is needed in Canyon," he said, "then we'll inform the city com-

mission first and then the newspaper."

Dillard said the telephone company is currently "looking at" all exchange systems in Texas to determine whether rate increases are needed.

Local phone company representative Mike Patrick told The News he is not aware of any contemplation on the part of company officials to request a rate increase here.

About three weeks ago, phone company officials requested a hike for telephone service in Amarillo.

Amarillo and Canyon are joined telephonically by what the company refers to as "extended area service."

## City Clerk Quits Job

Canyon's city clerk and administrative assistant for the past 18 months has resigned his position.

Glen Metcalf, who came to Canyon after a year's tour with the U.S. Army in Vietnam, has resigned effective Friday.

He has accepted a position as the Abernathy manager. He starts work there Monday.

City Manager George Louder, in making announcement of Metcalf's resignation, said no replacement has yet been hired.

"Glen has done an excellent

(See CLERK, Page 5)

## Road Paving Eyed By Commissioners

Randall County commissioners court is studying the possibility of paving a road from South Washington to the Nance Ranch Headquarters.

Commissioners estimate that the 2-mile project would cost about \$5,000 a mile.

Dr. Charles Smallwood, head of the West Texas State University School of Agriculture, and Virgil Henson, WTSU financial vice president, appeared before the court Monday to request that the road be paved.

Three routes are available but the route east from South Washington is favored because it will also serve some seven families who live along it.

Nance Ranch is a ranch conditionally given to the university for teaching experimental purposes.

Currently it is served only by unpaved roads which turn to quagmire in rainy weather.

Dr. Smallwood told of some 14 cars being stuck in the mud along the route to the ranch last winter. He even told of having a professor from the University of Iowa strip off his shoes and socks and get out and push when their vehicle became bogged down.

"We will have people from all over the country going out to the Nance headquarters this winter," Henson predicted, saying the university plans to spend \$160,000 in improvements there in the immediate future.

Smallwood said he is concerned about time element in getting feed to the ranch for livestock and the effect of transportation on the time element in pro-

jects on the ranch.

He said lack of access to the ranch could invalidate cooperative experimental projects undertaken in conjunction with Texas A&M.

Members of the court decided to study the matter. Henson agreed to assist in obtaining any needed right of way.

Joe Hodges appeared before the court for the second time in connection with proposed paving along Arden Road, a project that apparently had been abandoned because of difficulty in obtaining right of way from a property owner there.

An effort will now be made to pave Coulter Road between Arden and Hollywood Road in order to serve the some 74 families

(See ROAD, Page 5)

## Auto Insurance Rates Will Be Lowered Here

Randall County automobile owners are due for a cut in some phases of their auto insurance if the Texas Insurance Board accepts staff recommendations.

Charles Porter, rate actuary, said some rates will be cut as much as 25 percent which is the maximum allowed.

He said the recommendations were based on loss experiences in the areas involved across the state.

Porter said that on average passenger cars with 1-B drivers,

Glen Metcalf, who for 18 months has served as Canyon's city clerk and administrative assistant, has resigned his position effective

Friday. Metcalf will assume duties next week as city manager of Abernathy.

## Hospital Board Votes 25-Cent Rate For Taxes

Board members of the South Randall County Hospital District adopted Monday night a tax rate of 25 cents per \$100 on a 51 per cent property valuation.

The board also reviewed a proposed budget in excess of \$100,000 for their next fiscal

year. The budget is based on the 25-cent tax rate.

Nebett Hospital Administrator Ray Grimes presented to the board tax rate options ranging from the adopted 25 cents to 30 cents.

"I say, unless you can argue me out of it, that I'm in favor of the lowest tax rate," said Vernon Harman, vice president of the hospital district. "It's easy to raise taxes and hard to get them down, so I suggest we start with the lowest we can have and still get by."

And, nobody argued with Harman about adopting the 25-cent rate.

"I think it would be a lot better in the eyes of some people than the 30-cent rate," board member Floyd Tomlinson said.

"I think Vernon's got a point," Bill Sternberg said. "I think the taxpayers would feel better about it."

O.H. Rahlfs, board member, noted that the 25-cent tax rate would be eight cents lower than that which had been publicized by the board during last sum-

mer's bond election.

Grimes said only four of the 25 cents will be used to handle administrative financial matters, while 21 cents will be used to retire \$800,000 in tax bonds voted last summer and sold in June.

The proposed budget presented by Grimes shows an estimated revenue of \$114,000 next year and an expenditure expected to be almost \$112,000.

More than \$80,000 of the \$112,000 would be expended to pay interest and principal on the tax bonds. The first bond payment is due next summer and then semi-annually thereafter.

Grimes based his budget estimate on records from the Randall County Tax collector-assessor's office. The records indicate the county has a certified tax roll of at least \$72.5 million.

Grimes told the board that the tax roll in actuality could be as high as \$80 million.

According to the budget figures, 51 per cent of the certified roll would yield a taxable value

(See TAXES, Page 5)

## State Funds Mismanaged, Treasury Candidate Charges

Spitting out documented facts as fast as he could talk, State Rep. Maurice Angly fired broadside after broadside accusing his opponent in the state treasurer's race of corruption and gross mismanagement.

Angly told The Canyon News Wednesday that incumbent Treasurer Jesse James was "too smart" to get caught in the recent Sharpstown Bank scandal.

Using documented evidence, Angly, who is making another state-wide swing in his bid for election, outlined James'

schemes involving the Bank and the misuse of state funds.

"Ten million dollars was deposited in Sharpstown Bank — as shown by the state auditor's report — by the state treasurer," Angly charged. "The bank only had between \$71 million and \$76 million in total deposits. It was the only bank in the state of Texas to have one-seventh of its total deposits come from the state treasury."

Angly explained that in his office, James has the power to deposit state monies in banks al-

most of his own choosing.

Through his deposits, the state treasurer is expected to make a reasonable return on interest from the investments.

Angly says James has grossly mismanaged this function of his office.

"The hard facts are that, under Treasurer James' self-serving stewardship, state funds have been badly weakened by the loss of \$26,000 each day — or an awesome \$10 million each year," Angly said.

The candidate said the state should be making as much as \$26 million rather than \$10 million on its investments of state money.

Angly also charged that James used his power to change state money from bank to bank to threaten Texas bankers into supporting his primary campaign.

"More than 80 per cent of his primary funds came from bankers — officers, presidents and owners — of some banks in the state," Angly said. "You talk about a blatant conflict of interest, James is supposed to be the man whose duty it is to regulate the way state money is handled by these men. Yet, he has the power to place hundreds of millions of dollars in their banks."

At noon Wednesday, Angly spoke to members of the Lions Club.

"The state treasury can either be run honestly as a public trust to produce interest revenue which lessens the need for higher

(See STATE, Page 5)

## DA Will Decide Metro Charges

Decision on whether charges will result from current investigation of the Randall-Potter Metro Unit will be left with Potter County District Attorney Tom Curtis.

Amarillo Police Chief Paul Hulsey said probe of the unit and auditing of records is continuing and decision on whether there will be prosecutions lies with the district attorney when the auditing has been completed.

Metro Unit Coordinator Joe Bowes was suspended a week ago Monday for what the unit board of governors termed "discrepancies" in records.

Thursday is the coordinator's

final day for appeal to the civil service board. Chief Hulsey Wednesday said that as far as he knew at the time Bowes had made no appeal.

Chief Hulsey declined to discuss any bill of particulars connected with the suspension.

He said he has been studying the situation in preparation for making recommendations to the board of governors.

Hulsey indicated he will advise tighter control on the unit and possibly expansion of the board of governors.

In Canyon Randall County commissioners court in an hour closed session pondered the fu-

## WTSU Secretary Is Rated At Top Of Her Profession

Mrs. Dianna Gheer, secretary to the president of West Texas State University, has been awarded the Certified Professional Secretary rating, highest designation in the profession.

She is only the second person

in Canyon and one of few in the Panhandle-Plains to achieve the rating.

The designation is conferred by the Institute for Certifying Secretaries, a department of the National Secretaries Association International.

Certification comes after successfully completing a six-part examination requiring 12 hours over a two-day period.

The examination, given only once a year, tests a prospective CPS on skills and techniques in personal adjustment and human relations, business law, business administration and secretarial accounting, skills and procedures.

President James P. Cornette of West Texas State, for whom Mrs. Gheer has served as secretary

since 1965, said "she is more than what one thinks of when the word 'secretary' is used. She represents the first impression

Too few people understand that a life work with purpose is almost synonymous with life itself.

## by Troy Martin FROM THE CANYON RIM

Half my lifetime ago, back in 1948 my interest in national politics quickened. I sided with wiry, gutty little Harry Truman.

I admired Truman for bringing World War II to an end and for standing up to Russia in the Berlin crisis of '48.

George McGovern and I were on opposite sides then and we still are.

I am amazed at how little McGovern has changed his views since he took to the field for renegade Henry Wallace that year.

The Berlin crisis was sizzling in the early part of 1948 and while Secretary of State Byrnes was trying to negotiate with Molotov in Paris, Wallace—then a member of the cabinet—was undercutting him in New York.

Wallace openly attacked US policy while the negotiations were under way.

McGovern has done the same thing to the Nixon administration and undoubtedly has prolonged the war. The Hanoi government may choose to hang on, hoping that McGovern, who has already promised to surrender, will be the victor next fall.

From 1946 on Wallace turned steadily to the left.

During World War II he advocated ruthless bombing of the enemy but then sought disarmament in the face of post war

### Soviet buildup.

At times Wallace acted as if he were trying to get elected to office in Soviet Russia instead of running for the Presidency of the United States.

In parallel, McGovern has even offered to visit Hanoi as though he might be counting on some electoral votes from North Viet Nam in November.

Wallace in 1948 sought to go straight to Stalin for a settlement of the Berlin crisis. In another parallel, McGovern already has negotiated with North Viet Nam officials in Paris, action which he had no legal authority to undertake.

The Wallace foreign policy plank is indeed the grandfather of the McGovern plank. Wallace advocated drastic reduction in US armament, the draft scrapped, sharing of scientific-atomic information with the Soviet Union and evacuation of American troops from ex-enemy territory.

No wonder bloody Joe Stalin hailed the Henry Wallace statement as the "most important political document in recent times."

In the speeches of Henry Wallace the Russians were always right and the United States always wrong.

If you watched the 1972 Democratic Convention you saw a

tired, 24-year-old replay of the Wallace foreign policy plank garnished with lettuce boycott.

Wallace bolted his party in the ranks of which he had served as US vice president under Franklin Roosevelt. In this too, McGovern has emulated the political hero of his youth.

In a television appearance on the eve of the convention he made it clear that if the party's nomination were not forthcoming, he, like Wallace before him, would bolt and go it as a renegade.

There was every reason for Moscow to applaud Henry Wallace. If Wallace had been elected President, the Kremlin's plan for world conquest would have moved four decades ahead of schedule.

McGovern's foreign policy is likewise receiving plaudits from communist capitals around the world.

McGovern is said to have repudiated his involvement in the unsuccessful Wallace campaign. Perhaps this was because of its lack of success, for the record reflects that he still embraces much of the ideology on which he cut his political teeth in that 1948 campaign.

## Tidbits here and there

BY CAROL CRAIN

**THE SQUARE HOUSE MUSEUM** at Panhandle was visited by a large number of dignitaries as well as several Canyonites last Saturday.

An appreciation ceremony took place that afternoon with Mrs. Mary Moody Northern as special guest. (The Moody Foundation provided a substantial sum for one of the charming buildings at the museum, I understand.)

"TEXAS" officials including Dr. and Mrs. Ples Harper, Dr. and Mrs. John Green, executive director Raymond Raillard and Virginia, directors Mr. and Mrs. William A. Moore, plus other longtime supporters of the arts—including Tom Matthews, head of the Amarillo Art Center; Pete Gilvin, and the Sherwood Bladsels were also in attendance.

Mr. and Mrs. Paul Green, Pulitzer prize winning author of "TEXAS" flew in as a surprise for Margaret Harper's birthday. They visited the museum and saw the outdoor drama that evening.

Congressman and Mrs. Graham Purcell and daughters Melissa, May Lynn, and Sara also visited the museum complex that afternoon. The Congressman flew in for weekend events in the Panhandle. The family also attended a reception for dignitaries held at the Ralph Randle home in Panhandle.

Mrs. Randle was instrumental in establishing the Square House museum in Panhandle. Former State Representative Malouf Abraham of Canadian was on hand to show the original Norman Rockwell painting purchased by his son, Dr. Malouf Abraham, Jr. that was on display.

This lovely museum is well worth visiting, let me assure you. Plus it is such a short distance away you may easily take any of your out-of-town guests.

**CHI OMEGAS MET** at the Greenbrier in Virginia for a workshop recently with Mrs. Lee Reeves and WTSU prexy Karen Schoenberger attending.

After the sorority workshop was completed the two joined with some Chi O's from Midwes-

tern University and toured Washington D.C. with Kurt Purcell as their guide. Kurt is the Congressman's son.

**REGGIE REEVES**, by the way, is working in the Re-elect the President campaign for Richard Nixon through the Dallas office.

**FRANK AND BETH HEZ-MALL** have returned to the Panhandle after the WTSU exes' tour of duty in Europe and Viet Nam.

They are at home at 3609 Terrace in Amarillo.

**HOME FOOTBALL GAMES** are scheduled for September 23, 30, October 14 and 28 at 7:30 p.m.

If you haven't purchased your season tickets (\$20 each) you may call the athletic office or the Ex-student office on the WTSU campus.

**WTSU-EXES** purchased an ad in the Schools and Colleges supplement to the July 16 issue of the Houston Post. The ad (2" x 10") stressed the faculty-student ratio at WT (one teacher to 22 stu-

## Drake Fan Begs Mercy

When West Texas State University photographer Andy Hester sends out movie film to television stations in an effort to churn up a little publicity, he also sends along a postal card to see if the film was used.

Several weeks ago, Hester sent film to WHO-TV in Des Moines, Iowa, about a Des Moines girl involved in a WTSU-sponsored geology camp.

When Hester received the postal card back from the television station, it was filled in as to suitability of the film, quality of the film and length of the film.

And, on the bottom of the card was a note unsolicited: "P.S. Please don't hurt our football team (Drake)."

The WTSU Buffaloes meet the Drake Bulldogs Sept. 19 at Des Moines.

## Rec. Program Judged Success

More than 400 Canyon youths participated this summer in what has been termed a "very successful" summer recreation program.

Sam Weaver, who headed up this year's program, said record participation was noted in the various phases of the seven-week program which ends today.

And, he says, the program will probably be offered again next year.

Youngsters aged five to about 14 participated this year in everything from swimming lessons to weight lifting to tennis to golf, tumbling, trampoline, cheerleading, twirling, art, drama and bowling.

In fact, some of these participating in art, drama, tumbling, cheerleading and twirling had an opportunity to display their abilities during 4th of July celebrations in Canyon.

For others, it was simply an opportunity to fill up some morning spare time in constructive projects for the summer months.

Many, for example, learned to swim. Others learned the twists, turns and bounces of trampoline. And, some took to the links to get an early start on the pros.

Weaver said this summer's most popular program was bowling, with between 40 and 60 youngsters participating on a daily basis.

And, while some took part in the more rigorous outdoor sports, several took advantage of the recreation program's summer reading offerings at the Canyon Library.

Weaver said he hopes the recreation program will be offered next year, but that its future depends on money.

"If we can do it financially," he said, "I feel sure we can do it."

The City of Canyon supplied much of the money for this year's activities.

The First Presbyterian Church offered its building for some activities as did the First Methodist Church, the Canyon Independent School District and West Texas State University.

Weaver said the only changes which may be made in next year's offerings would involve addition of some activities which would attract the interest of older teen-agers.

## Moore Named To Honor Roll

William A. Moore II of Canyon has been named to the honor roll for the spring semester at the College of Humanities at The University of Texas at Austin.

Moore is one of 239 students named to the honor roll.

Moore is the son of Mr. and Mrs. William A. Moore of 2508 12th Ave.

dents — one of the lowest in the state), \$10 million dollars in new buildings, the new Activities Center, and the six colleges in the University.

**LILY TOMLIN OF LAUGH-IN** has been signed for an appearance on the university campus during Homecoming, October 14!

Her show will start at 2 p.m. in the Activities Center and should pull a large number of Exes back to the campus.

Student organizations will hold a carnival on campus with entertainment and show going all day.

At noon the ex-students will hold the annual Distinguished Alumni Banquet, the new Miss WTSU will be crowned that day and the Buffs will play New Mexico State Homecoming night!

This sounds like a winner! My congratulations to the Homecoming Committee for some great sounding plans.

**DR. EMMITT SMITH**, Dean of the School of Education, is scheduled to deliver an address to the World Assembly of the International Council on Education for Teaching in London, England today.

Dr. Smith, winner of this year's Faculty Excellence Award, is the State Coordinator for the Texas Teacher Center Project.

The educator is one of a five-man team from the United States being featured at the London meet.

Dr. Smith is reporting on innovations on teacher education being piloted in Texas.

**HOW TO MAKE A ROUND TABLECLOTH** and eight round napkins from one sheet (108" x 81") is only one of the cute ideas in the booklet "Make It With Sheets" by Cannon Mills.

You may order same by writing the company, 70 Worth St., New York 13, N.Y.

A **BRASS NAMEPLATE** for your door may be ordered from Elgin Engraving Co., Dept. FW, 614 South St., Dundee, Ill. 60118. Prices are \$2 for a 3" plate and \$4 for a 5" one.

**EXTRA EASY LEMON ICE CREAM** is my mom's favorite! I thought I'd share it with you this week. Talk about easy!

**EXTRA EASY LEMON ICE CREAM**

Stir til dissolved:

1 pt. half and half

1 c. sugar

Add:

½ c. fresh lemon juice

1 T. grated lemon rind

Pour into ice cube trays and freeze!

See, I told you it was easy!

**HAVE A TIDBIT? call 655-7470.**

Chief of Police Al Stewart tells 11 Canyon students about what lays ahead for them as members of Canyon's Law Enforcement Explorer Post. Tuesday night was the first meeting for the Post, which is sponsored here by the Canyon Police Department.

## 10 Start Explorer Post

Nine boys and one girl started Canyon's first Law Enforcement Explorer Post Tuesday night.

Chief of Police Al Stewart said as many as 10 more have expressed an interest in joining the newly-formed post and that a membership of 20 wouldn't be far-fetched by mid-August.

Stewart, along with three Canyon policemen and representatives from the Boy Scouts of America, greeted the new Explorers and outlined the workings of the post.

Bob Bentley, representing the Boy Scouts, told the young people that Exploring is the fastest growing program for students their ages in America. Bentley

outlined the benefits of belonging to an Explorer post.

Bob Carr, who heads an Explorer's council for this area, explained activities the area council sponsor for participating Explorer posts, activities including road rallies, dances and camp-outs.

Stewart told the new Explorers that the local post's program and activities will be "developed by you young people."

Following the meeting, Stewart expressed enthusiasm about the future of the post.

"I'm very happy about it," he said. "I think the turnout was great and I think we'll have a good post."

## Calvary Baptist Church

Twentieth Anniversary  
Celebration July 30, 1972

Calvary Baptist Church, Canyon, Texas, is twenty years old this month.

We are celebrating our Birthday with a Homecoming and Anniversary Celebration this Sunday, July 30, 1972.

A cordial invitation is extended to our former members — and to all of our friends in our community — to come and participate in a special service of worship and celebration at 2:00 o'clock this Sunday afternoon. Two of our former Pastors, The Reverend Aaron Mann and the Reverend Jack Boyett, will be here to speak to us.

We will have an old fashioned "Dinner on the ground" at noon. You are invited to come and spread your dinner with us. Plates, knives and forks, iced tea and coffee will be furnished.

We are praising God for the twenty wonderful years He has given to us, and we are looking forward with anticipation to what He has in store for us in the years to come. Please come and help us celebrate!

## Mescalero Park News

# Rains Soak Camp Fire Girls

**BY TOOTIE BYBEE**  
WELL, HELLO once again. It sure feels good to be back in the ole groove again of running around like I'm half crazy trying to keep up with all I have to do! Hope you are good and busy this summer, too. Know lots of you are, cause I've seen you coming and going.

**THOSE TOW'S** are off and gone again! This time they took a trip down to Fort Worth to Ann's nephew's wedding. It all sounded like it was really going to be quite an affair. I'm sure it was lovely.

**SUPPOSE** the bunch that spent the week with me at the day camp fared all right. There were 5 girls who were campers for the week, Jeanette Ellis, Stormie Moreland, Shelley Whitehead, Leslie and Lenise Bybee. Also, 3 junior high and high school girls from the park served as Aides, Glenna Evans, Denise Malson and Sherry Evans. They all earned a big thank-you from the Camp Fire bunch, especially after spending a day and night in wet soggy tents and sleeping bags. Guess all together it wasn't too bad a week. Thanks also, to Betty Malson for coming and helping us to serve 85 wet and hungry girls Friday.

**THAT GREG JONES** has sure been busy this past week end. Seems he and a buddy drove about 1300 miles into Colorado and back. Saw just lots and lots of sights, Royal Gorge, went to Central City and up to Eagle's Nest and all around that part of the country. I know it's a trip he'll remember a long time from now.

**CRISTIE JONES** had a friend over, Kathy Hornsby, and they went up to the old wind mill and had a picnic lunch and had a very good time.

**SAW JUST** A batch of kid- does out this week end enjoying themselves. Saw Jubal and Tracy Gillis and Doug Jones riding their mini-bikes. Saw Terry Miller with Traca Cooper on the back riding the mini bike. Saw Larry Pate and Joey Gillis out enjoying the new 10 speed bikes after dark. Saw Sherry Evans enjoying a late afternoon hike with Luke, Daisy and Ace. Saw the Robinson boys on their motors riding around. Saw little Linda Boren and friend and doggies riding around the Park on their bikes. Saw Spooky Whitehead playing with Brent Mitchell out in the front yard. Saw Blanche Hudson picking beans in the garden. Saw Tracy and Deann Cooper weeding their garden. Saw Mr. and Mrs. Bedwell working like crazy in their beautiful vegetable garden. Saw Mrs. Banman mowing the yard on the riding mower. Saw Mr. Crews busy working on his car. Guess I saw a little of everyone doing something.

**WANT TO** welcome Ann Tow's sister Evelyn, to our little oasis in the desert. She is a teacher in California and is here for a little visit with the Tow's.

**IF ANY OF** you kiddoes have a ball team you want to tell me about, be sure and call. I noticed where several of our Canyon teams are doing real great.

**HERE IS THE** recipe I promised you all, wish I could say it originated with me, but it didn't. I got it from Carolyn Osborn of the Expanded Nutrition Program Office in Amarillo. It's called:

**MEXICAN SALAD**  
1 lb. Ground Beef  
1/4 cup chopped onion  
1 lb. can Ranch style beans  
1/4 cup French dressing  
1/2 cup water  
1 Tablespoon chili powder  
4 cups shredded lettuce  
1/2 cup sliced green onion  
1 8-oz. wedge sharp cheddar cheese (grated)  
Corn chips  
Brown meat, add onion and cook until tender, stir in beans, french dressing, water and chili powder. Simmer 15 minutes. Combine lettuce and green onions. Add meat sauce and 1 1/2 cups cheese, toss lightly. Serve with 1 cup crushed corn chips on top.

**LOOKS LIKE** we have a new neighbor in the Burdette's house. Will do my best to get by and get acquainted with them and report next week. If you beat me to it just call and let me know and I'll sure get it in.

**GUESS JO ANN** Mitchell's foot is getting a little better. Heard she was canning up a storm this week. Guess she's hobbling around to do it. Take care Jo Ann. I know Shirley is pickle crazy by now. The last time I talked with her she had canned 13 quarts of dill and that many more of sweet and was fixing a batch more. Whee!!

**A most very happy birthday**

**Tennis Group Sets Meeting**  
A meeting of Canyon High School tennis enthusiasts will be held at 2 o'clock Saturday afternoon at the West Texas University Tennis stands.

**David Kent, WTSU tennis coach, will speak to the group.**  
The group eventually will meet with the Canyon school board to ask for help in promoting tennis in the high school here.

to Ricky Cooper. I'm surprised he has slowed down enough to have a birthday. His ball team will be playing tonight in Pampa for the championship. He had cake with the team after one of the games last week and then spent the night with his cousin in Pampa and finally got home to open his presents last night. So, happy 13th birthday, Rick. Traca Ann said she was sick of ball games!! ball games!!

**FOUND OUT** just a little bit by way of Deann Cooper, about the new house going up across from Tow's. The people are Public Service people and are having it built and hope to move in real soon. Boy, this area will soon be a small town.

**HOPE DEANN** Holmes enjoyed her week's stay at band camp at West Texas State this

past week. We sure missed you out at day camp. Bet you learned a lot.

**SHERRY AND GLENNA** Evans have been real full of music here lately!! They are both working to get ready to go with their church choir to sing at Questa, New Mexico the week end of August 20. Bet they will be tired for school the next day.

**HELLO TO** Becky and Marvin Carr. They are really good on the trampoline. Ha. Well, time to sign off again. Will see you in this same spot next week. Please do your community duty by calling me and giving me some good news for the column. One last word: To Leroy Evans: I love Hipie pants even on "older" men.

**TO FORREST** Carr: If you strike while the iron is too hot you may get burned!!

## Sherman Acres Area

# Bakers Tour Southwest-Leiths Entertain

**BY MARY JO GRIFFIN**  
HELLO FROM OUR neighborhood this week. We have a few happenings we'd like to pass along to our readers. Thanks again for the calls telling about your activities.

**SPENDING THIS WEEK** with the Murray Leith family is Wanda's brother and family Mr. and Mrs. James Luedecke, Pat and Wende of Midland. Also guests of the Leith's Sunday were relatives of Mrs. Luedecke from Wheeler, Mrs. Lillian Moon, Mr. and Mrs. Bobby Patterson, Dale and David. Among other activities, they did

some exploring and camping in Palo Duro Canyon.

**BIRTHDAY WISHES** THIS week to Stacy Hall, Spencer Weyerman, Bill Nash and Andrea Grace. May all those wishes come true and do have a very happy day.

**VISITING WEDNESDAY** THROUGH Sunday in the Sherman Jones family home were their daughter and son-in-law, Mr. and Mrs. Tommy Goodwin of Abilene. Our Penny returned home with them to visit for a few days.

**HAPPY WEDDING ANNIVERSARY** tomorrow July 28 to Mr. and Mrs. Jim Huneycutt. We wish you many more happy

Going somewhere? Or been? The Canyon News wants to know about it—and so do its readers.

years together, Jim and Jewell. **MR. AND MRS.** Jim Baker and children, Nancy, Ricky, Kelly and Brenda vacationed recently in Oklahoma, Colorado, and New Mexico. They visited with Jim's mother Mrs. Vi Wolfe in Tishomingo, Oklahoma, and with friends in Denver, Colorado, then went over to Santa Fe, Albuquerque, and Carlsbad, New Mexico. They toured the caverns and also spent some time in Juarez, Mexico. They report a real good vacation.

**WE SEE THAT** Mike Hanes is really back on the go since his bicycle accident. It's a shame for a bicycle to treat a person that badly. And speaking of cycles, have you seen Debbie and Linda Nash out going places on those new 10 speed cycles, so bright and shiny and easy looking.

deaux Street were camping down at Lake McClelland last week. Mr. and Mrs. John Gaston and two sons and Mr. and Mrs. Paul Barnett and son report a good camp out.

**THAT GARDEN OF** George and Peggy White's surely is a

beauty. They spend a lot of time in it and get a lot of pleasure from it, also such goodies to eat. **SEVERAL OF** our families are on vacation now. Hope to let you know about their travels as they return.

## Swearingin Rites Today

Floyd E. Swearingin, 72 years old, long time resident of Happy, died at 10 o'clock Tuesday night in Swisher County Memorial Hospital.

He had been a resident of Happy for the past 68 years having moved there with his family at the age of 4.

He was a farmer and a member of Happy First United Methodist Church.

Funeral services will be held at 3 o'clock Thursday afternoon in LaGrone Funeral Chapel in Canyon. Officiating will be Rev. Weldon Tucker, pastor of the Happy Methodist Church.

Burial will be in Happy Cemetery.

Survivors include the wife, Hazel; and a sister, Mrs. Edna Strohmeyer of Happy.

## Taxes...

(Continued from Page One)

of about \$37 million.

Grimes assured the board members that the hospital district could run smoothly on the \$100,000 budget through next year.

A budget hearing has been called to approve the proposal on Aug. 21 in the Canyon Community Center.

Currently, the hospital board has just over half the \$1.5 million estimated as needed to construct a new hospital in Canyon.

Grimes said the board is contemplating issuing about \$800,000 in revenue bonds to obtain the other funds.

The hospital administrator told the board that initial workings with the hospital district's architect have been completed.

He said the hospital staff has worked with the architect to plan the overall scheme of the new 30-bed facility.

The next step is a review of large plans of the various parts of the hospital — the operating rooms, the emergency rooms, etc. — according to Grimes.

Had a party? Or giving one? Tell The Canyon News about it. Telephone 655-7121, or stop by the News office on the south side of the square.

## Road...

(Continued from Page One)

living in the area.

Apparent low bids by Gulf Oil Company and Ted Lokey Oil Company to supply gasoline and oils and greases for county vehicles were accepted.

Commissioners voted to accept the bid of Imperial Chevrolet of \$6,419.84 with trade ins for two Impala Chevrolets for the Randall County Sheriff's Department.

The Imperial bid was accepted when it was learned that cars offered by other bidding firms did not meet horsepower specifications.

Road Supt. Joe West noted that horsepower rating this year is away because of anti-pollution gadgets on autos.

Justice of the peace Bill Wilson asked the court to buy him a new chair to replace the one purchased in 1959. He said his pre-

job," Louder said, "and he will be missed by myself tremendously. I know."

"But, I'm glad he is going to a position in the field in which he's been working and that he's staying in the business."

Abernathy is a town of about 3,000 population just north of Lubbock.

## State...

(Continued from Page One)

taxes or it can be run for the financial benefit of the office holder and his political cronies," Angly told the club members. "The state auditor's figures demonstrate Jesse James' choice."

In the earlier interview with The News, Angly said he is challenging James in the state treasurer's contest basically to clean up the office and institute procedures which will insure a proper return on the state's investments.

"I think I can do more for the state of Texas by stamping out the corruption and waste in the Treasury than I can by running for a fourth term in the state House of Representatives," he said. "I can say I have no desire whatsoever to be running for reelection to this office when I'm 70 years old."

Angly said he is angered and offended that while Texas' representatives and senators strive to keep the state's finances on an even keel without tax hikes, the state treasurer is wasting and deliberately losing state revenue through corrupt investments.

"No bank anywhere would be run the way the state treasurer operates the state funds of Texas," he said. "I don't believe the voters want to tolerate this."

Angly called himself the first serious opponent of James in two decades.

James has been in office 31 years.

And, as a serious opponent, Angly sees his campaign gathering steam across the state. He is enthusiastic about his chances to beat James and have an opportunity to clean-up the Treasurer's office.

Angly's stop in Canyon included a speaking engagement Wednesday morning to students and faculty at West Texas State University.

He was sponsored here by Mrs. W.E. Parker and Greg Edwards.

## All In Line Of Duty

City Patrolman Steve Wisniewski was driving around in his patrol car about 1 p.m. Tuesday and he passed by the High School bus barn on 8th Street.

Glancing at the barn, Wisniewski noticed a man perched atop the barn waving his arms wildly.

Wisniewski turned around, drove back by and the man-atop-the-barn waved his arms as if in distress.

The Canyon policeman pulled up to the barn and discovered that the unidentified bar-sitter had climbed to the roof to kill insects and his ladder had fallen to the ground, stranding him with no way to descend.

sent chair has been welded several times.

Appointment of election judges was discussed briefly but no action is expected until the court's first meeting in August.

Mrs. Audrey Bruse, county tax assessor-collector was authorized to hire some temporary help for a maximum of three weeks and to rent a typewriter for a month.

The court went into executive session to discuss the Randall-Potter Metro Intelligence Unit of which Randall County is a member.

## Auto...

(Continued from Page One)

per person per accident, plus \$5,000 in property damage liability coverage. The typical driver is 1-B who drives to and from work but does not use his car in business and no driver under 25 years of age operates his car.

Porter said the new rates will go into effect about Sept. 1 if the staff's recommendations are accepted.

This is the first change in rates since January of 1971.

## Interstate...

(Continued from Page One)

the new interstate several miles to the east of the city. Many Canyon residents feel the highway should be routed to the west of the city.

West's immediate reaction to the U.S. 60 redesignation proposal was cautious.

"My immediate thought is that if it doesn't change anything in Canyon, I'm not against it," he said. "I want to be sure what the proposal is and exactly what's going to happen before I pass judgement on it."

Even so, West says he sees no real advantage in changing the designation or even the construction on the current highway.

"I can't see that it'll change anything," he said. "I don't know that we'd get any more traffic."

Tillery was more optimistic. "One advantage to having it as an interstate route is that an interstate gets all the attention from the travel bureaus and from the oil companies," he said. "Of course, the major advantage is safety and speed."

Tillery said the Amarillo chamber is supporting the redesignation. In fact, he said, the proposal was made to the Texas Highway Commission in about 1965, but that the idea was taken under consideration and dropped.

Next week's meeting on the proposal will be at 7:30 p.m. in Hereford.

Attending will be representatives from Canyon, Bovina, Friona, Hereford, Farwell, Roswell and Amarillo.

## Secretary...

(Continued from Page One)

many people have of the university when they come to the office of the president."

Mrs. Gheer is the daughter of Mr. and Mrs. Tom A. Sluder, Sr. of Olton and the wife of Leon Gheer, a Western Electric Co. employee.

She was graduated from Olton High School in 1957 and received a certificate of proficiency in secretarial science from WTSU.

She was secretary to the superintendent of the Dalhart public schools in 1960-61 and for four years was a secretary for Shamrock Oil & Gas Corp. in Amarillo.

Mrs. Gheer is a past president of the Amarillo Legal Secretaries Association.

## Metro...

(Continued from Page One)

ture of the unit. Commissioners principally were concerned with its supervision.

Commissioner Glenn Dowlen, District Attorney George Dowlen, Canyon City Manager George Louder and Mayor J. Manly Bryan held an informal meeting Tuesday for discussion of the Metro Unit.

Consensus was that the unit should be retained but that its supervision be changed.

Kim Landram, daughter of Mr. and Mrs. Frank Landram of Canyon, and April Bell of Odessa enjoy ice creams during the hot afternoon Tuesday. Both girls are taking a

break from the routine of the annual summer band camp sponsored by West Texas State University.

## In Panhandle Area

# Tornadoes Seem Inevitable

About all you can say about tornadoes in the Texas Panhandle is that they're seemingly inevitable.

And, you could say that people in the Texas Panhandle are very aware of tornadoes.

Two West Texas State University researchers hope to be able to say more about the weather phenomenon which annually sends area residents to their cellars in anticipation of disaster.

Vaughn Nelson, an instructor in the physics department, and Kenneth Brehob of the department of geography, began a study last year of tornadoes in the Panhandle and South Plains area. Only preliminary information is available from the study and it is too early for the two to do anything but speculate that the causes of tornadoes may be more than mere chance.

Starting with the original purpose of compiling a map of tornadoes in the Panhandle area, the researchers also correlated their tornado data with local physical topography and population density hoping this would possibly explain the tornado concentration in the South Plains.

Evidence turned up in the preliminary study can only lead to speculation rather than hard facts. Nelson cannot say for a fact, for example, that percentage-wise tornadoes strike more on high ground than on low ground. But, here are the facts.

A total of 840 tornadoes were reported in the Panhandle from 1953-1970, making Texas the leading state in number of tornadoes reported annually.

The researchers used data compiled by the U.S. Weather Bureau for the years from 1916-1970.

"The number of tornadoes reported increased markedly in 1953 since that was the year the National Weather Service instituted its tornado warning system," the research report says. "Therefore the density of tornadoes is high."

## All-Stars Lose District Game

The 13-year-old Babe Ruth All-Stars ended their season Monday night with a loss to Pampa in a double-header.

The All-Stars beat Pampa in the first game 12-11 and then were beaten in the final game.

does is divided into two major periods, 1916-1952 and 1953-1970."

Noting that public awareness was probably the cause of the larger number of tornadoes being reported after 1953, the researchers also noted a difference pattern in the density of tornado sightings between the two periods.

"...the density after 1953 is concentrated in the center of the study area, whereas the large number along the eastern boundary is similar to the pre-1953 densities," the report says.

The study report says that elevation seems to effect tornadoes. Lower elevations have more reported tornadoes than do higher areas.

"This would seem to indicate that terrain affects tornadoes or the storm systems that spawn tornadoes," the report says. "A more plausible explanation is that this region is sparsely populated and the tornadoes are not reported."

The report says there is a high correlation between the numbers of tornadoes spotted in an area and the population of that area.

The research also indicates that the pattern of where tornadoes

does will strike is fairly constant, with the areas near Lubbock reporting many tornadoes.

The report ends by saying there is no conclusive evidence of the effect of terrain and relief on the density of tornadoes.

The report may end, but the research continues.

Vaughn and Brehob have obtained more weather data and will begin soon determining probabilities that tornadoes will strike certain areas. They want to see also about the probability of a tornado hitting a certain section of the Panhandle.

But, until their report is finished, Panhandle area residents must live with the gamble of the untamed tornado.

Liquid **SEVIMOL**  
CARBARYL INSECTICIDE

now labeled  
for control of  
**CORN  
BORERS**

If Southwestern corn borers tunnel into stalks and lodge your plants, you'll lose plenty in profits. Keep them out of your crop with liquid SEVIMOL.

Recently labeled for use against the Southwestern corn borer, liquid SEVIMOL insecticide will help keep his greedy feeder from wrecking your crop and reducing your profits. Here's how to use this outstanding insecticide:

Start examining your crop now because the maximum hatch period lasts from mid-July through mid-August. If egg masses or larvae are present on 50 to 75 percent of your plants, apply SEVIMOL. Then plan a second application 7 to 10 days later.

SEVIMOL is a combination of molasses and dependable SEVIN carbaryl insecticide. Dispersed in water and sprayed in low-volume applications, it gives you a heavy spray that falls fast and sticks to plants, resisting wash-off by rain and irrigation. And SEVIMOL not only gets Southwestern corn borer, it also controls corn earworm, fall armyworm and certain other corn insects.

This season, beat Southwestern corn borer to the punch with the power of liquid SEVIMOL insecticide. Your dealer stocks it. See him today.

## Prices, Socialism In Sweden Eyed By Instructor On Tour

Miss Chick White saw a part of Europe this summer that few Westerners see.

Miss White, an English instructor at West Texas State University, toured Scandinavia and spent a good deal of her time above the Arctic Circle in Norway and Finland.

It was the second trip across the Atlantic in several years for Miss White, but this time she tried to see things she hadn't seen before and she managed to avoid to a great degree the thousands of tourists which swarm Europe every summer.

Her whirlwind 21-day tour took her from New York City to Copenhagen, Stockholm, into Lapland, to Helsinki, East and West Berlin, Potsdam and Vienna.

Miss White spent six days in Lapland, a part of the world which never sees the sun in winter and is blessed with sunshine 24 hours a day in the summer. In fact, she was above the Arctic Circle during the longest day of the year.

She traveled by train in Lapland and saw and photographed the beautiful fjords and snow-capped mountains.

The people of Lapland, Miss White said, keep to themselves. They wear native costumes and speak a language which is apart from the rest of Scandinavia. The majority make their livings by hunting, fishing and trapping.

From Lapland, Miss White went to Sweden, where she was surprised by the high taxes, high prices yet the apparent happiness of the people.

"I didn't see anybody in rags," she said. "Everybody seemed well to do. And, there were no slums anywhere."

"I was talking to a waitress in a coffee shop and she said she pays 41 per cent taxes. She only makes about \$450 a month anyway."

Miss White said prices throughout Europe are high, but they are particularly high in Sweden. She told of a pair of boys who flew from New York to Copenhagen with her. They had purchased a new Swedish car in New York City for use on the trip.

"I thought it was odd they would buy a Swedish car in New York to take on a trip to Scandinavia," she said. "Then, I found out how that car would have cost about twice as much to buy in Sweden, the country which produced it."

Even so, cars in Sweden are very expensive. Miss White said a new Ford Mustang would cost about \$13,000. A new Volkswagen would cost about \$10,000.

As a consequence, she said, you see only small cars in Sweden along with a few motorcycles and bicycles.

The standard of living is high in Scandinavia, though, she said.

"Many of those countries are so prosperous they import Italians to do the menial work for them," Miss White said.

Prices were high everywhere. "I spent most of my money on Cokes," she said. "They cost between 50 cents and 80 cents a bottle there."

And, prices were no cheaper in Lapland.

"I went in a grocery store there and prices were no cheaper than they are here," Miss White noted. "I'll bet the things were about as high as they are in New York City."

From the colorful streets of Stockholm and Copenhagen and the bright costumes in Lapland, Miss White traveled to a city of contrast—East Berlin.

"People who had been to East Berlin before said it looked much more prosperous," Miss White said. But, she termed it drab.

While in East Berlin, Miss White's tour bus was allowed to stop only at a museum and at a Russian memorial.

In Potsdam, she was astounded by the military presence.

While in Berlin, Miss White discerned at least one East Berliner's attitude.

"I was talking to the Eastern Berlin guide and I said it was a shame our two countries couldn't get along," Miss White said. "He said we were two different societies. He said he wasn't a communist, but that he thought like they do."

From Germany, Miss White traveled to Vienna, where she attended concerts and viewed museums.

And, now, she's ready to go back.

"I'm all rested up and ready to go back to Europe," she said. "I think everybody should go at least once."

Miss Chick White, instructor at West Texas State University, looks over a map of Scandinavia, a region of the world she toured recently. Miss White returned to her home about two weeks ago after a several weeks visit in Europe.

### News Brief

Mr. and Mrs. Stan Collins and Don, 1106 Creekmore, have returned from a week's vacation on their cabin cruiser at Lake Texoma spent fishing, skiing, swimming and sunning themselves.

## Umbarger News Dancers Elect Officers

By SUSAN DOLLE

**PISTOLS AND PETTICOATS** Square Dancing Club held a covered dish supper and election of officers for a six months' term Sunday evening in the Parish Hall. Elected to serve the group were Mr. and Mrs. James Skarke, presidents; Mr. and Mrs. R. D. Friemel, vice-presidents; Kathy Allen, secretary; Keith Rickwartz, treasurer; Mr. and Mrs. Willie Wieck, social chairmen; Mr. and Mrs. Milt Suthers, property chairmen; and Mr. and Mrs. A. H. Lindemann, reporters. The officers will begin their term at the next meeting. The club will dance this Sunday with Herrick Allen, caller.

**ACTIVITIES OF THE** Umbarger Fire Department include a course held at Texas A&M this past week attended by Bernard Grabber. The course is sponsored by the Farm Bureau. Also, the volunteer association will hold its annual picnic at Buffalo Lake this Sunday afternoon for their families.

**JOHN GRABBER** OF the department reports that he has available a 1000 gal. water tank mounted on a truck which can be used during a fire.

**AFTER A GENEROUS** rainfall of 2.53 inches, many local residents made short jaunts with their families for a reprieve from farm activities. Seen at Carlsbad were the Jim Skarkes, R. D. Friemels, and Carl Hartmans. Tom Payne and Jack Brandt enjoyed the sights near Austin, while the Bernard Hartmans flew to Los Angeles where they visited Mr. and Mrs. Michael Raef. They also toured Hunting-

ton Beach and Disneyland.

**E. A. STOCKER** returned last week from Chicago where he attended the funeral of his brother-in-law, John Amedo. Mr. Amedo was the husband of the former Mary Stocker.

**VISITING THE W. P. Jansen's** this week are their daughter and son-in-law, Mr. and Mrs. Darrel Hersley. They traveled from Harrison, Idaho, to attend the wedding of Harold Hersley and Lucille Wilhelm in Hereford Saturday. Accompanying them on the 1500 mile trip are three of their four children, Jurt, Chad, and Anne.

**AMARILLO HAS BEEN** chosen as the site for the annual convention of the Catholic Life Insurance Union for 1973, report John Wieck and Vincent Ehly, officers of the Umbarger branch who attended this year's convention in Victoria July 14-16. An associated organization, the Catholic State League, will also hold its meeting at the same time and place. Tom Acker, Nazareth, area representative for Catholic Life Insurance, will be in charge of arrangements for the city of Amarillo. He will be assisted by officers of the insurance branches within the Texas Panhandle. This is the first time in the history of the union that the meeting will be held in Amarillo.

## Honors For Local Woman

Candiss Carpenter of Canyon, a freshman music major at Texas Woman's University in Denton, earned a 3.0 grade point average during the spring semester.

Dr. Leslie R. Kreps, vice president for academic affairs at TWU, announced the students' grades for the semester.

## All-Stars End Season

Canyon's Little League All-Stars ended their season Tuesday night as runner-up for the district.

The 'Stars were beaten 26-1 in the district championship game by Berger.

Losing pitcher was Terry Collins. He was aided on the mound by Monty Harrison and Ches Bostick.

The All-Stars beat Memphis Monday night in tournament action at Dimmitt.

The final score was 5-1, with Ty Pruett the winning pitcher. Pruett had eight strike-outs and one walk for the evening. Stan Cranmer and Ches Bostick hit home-runs in the ballgame which led the 'Stars into Tuesday night's game.

The team is coached by Gary Fletcher and Keith Keeling.

## Motion Denied In Wreck Case

A motion which argued that Melvin Glenn DeBord, 21, of Amarillo was not guilty of gross negligence in a mid-April car-truck accident which claimed the life of another Amarillo man was denied this week by Acting County Judge Elton Cox.

The motion, presented by DeBord's attorney, Harris Hampton, said the young Amarillo truck driver is guilty rather of simple negligence.

Hampton and representatives of the Randall County District Attorney's office presented briefs to Cox last Friday.

Cox had earlier denied a motion for continuance made by Hampton. Hampton had claimed that publicity given the accident would prejudice prospective jurors.

DeBord is scheduled to stand trial on the major misdemeanor offense on Aug. 1.

Calvary Baptist Church will observe their 20th Anniversary and Homecoming this week. Church secretary Cindy Towery, above, leaves after a busy day of assisting with preparations.

## Calvary Baptist Church Marks 20th Year

Next Sunday has been set aside as a 20th Anniversary Celebration and Homecoming by the congregation of the Calvary Baptist Church. The Rev. Mel Hardin, pastor, has stated that it will be "a day of praise for what

God has done for us in the past 20 years and anticipation of what He will do in the days to come."

After regular services Sunday morning, the congregation and guests will gather on the church lawn to share picnic baskets and memories of their association together.

A special Anniversary program will be held at 2 p.m. featuring addresses by the Rev. Chester O'Brien, superintendent of missions for the Amarillo Baptist Association, and two former pastors of Calvary Baptist Church, the Rev. Aaron Mann of Baytown, Tex., and the Rev. Jack Boyett, pastor of the Bell Ave. Baptist Church in Amarillo. The Rev. Boyett served here from Feb. 1963 to Oct. 1967, and the Rev. Mann served from 1957 to June 1962. Selections of special music will be sung and played also.

Since Calvary Baptist was first organized into an independent church on July 6, 1952, with 75 members, it has grown to a present resident membership of 520 of which 175 have been added during this church year. Many of the new members are students at West Texas State University.

A chapel erected in 1950 under the sponsorship of the First Baptist Church was the original forerunner of the present church building. Ground-breaking for a new educational building took place on October 21, 1956, under the direction of the Rev. Davis Harrell. On Dec. 16, 1962,

### Dry Weather

### Due In Area

After last week's rains in Randall County, residents settled into a dry spell which extended through Wednesday night.

High humidity and temperatures in the low-to-mid 90s prevailed in Canyon this week.

More of the same is expected through tonight. Temperatures are expected to be in the low 90s with southerly winds.

ground-breaking ceremonies were held at 1212 9th Ave. for a new parsonage. Men of the church formed work committees and actually built both educational buildings and parsonage.

When the early church building would no longer hold the growing congregation, Calvary Baptist Church under the leadership of Rev. Jack Boyett conducted a new building campaign. On Sunday, July 4, 1965, ground-breaking for the present sanctuary and education building at 808 8th Ave. was held. It was completed in October of the same year.

The first Chapel Chimes bulletin was published April 22, 1950, announcing the coming of Tom Watson, a student at Eastern New Mexico University in Portales. He later became first pastor of the Chapel.

The first pastor of the church was the Rev. J. E. Burkham, who served from December 1952 until Rev. Harrell came in August 1955. The Rev. Mann served from 1957 until June 1962, and was succeeded by interim pastor, Rev. Argus Barnett, until the Rev. Jack Boyett assumed the position in Feb. 1963. He was followed in Feb. 1968 by Rev. Freeman, who served until the present pastor, the Rev. Mel Hardin, came in Nov. 1971.

Six of the original 63 charter members of the church are still active in membership. They are Mr. and Mrs. Russell Thompson, Mrs. L. C. Ruthart, Mrs. W. E. Roberts, and Mr. and Mrs. O. C. Free. Russell Thompson has been treasurer of the church since its inception.

The current clerk of the church is Mrs. Leroy Miller. Deacons are Roscoe Richardson, chairman, Eric Burnett, J. W. Youngblood, Ray Johnson, Ray Bible, Don Davis, Charles Hunter, Leroy Miller, and Russell Thompson.

A Sunday School enrollment of 337 is now recorded at Calvary Baptist Church. There is also a men's organization, the Brotherhood, of 20 members, a Women's Missionary Union of 25, and about 40 young people in youth groups.

## Gene Howe News Eagle Watcher Falls - Hefleys Join Stamp Buffs

By TROYCE MULHERIN

**GREETINGS:**  
**VACATION BIBLE SCHOOL** will be held at Hollywood Baptist Church beginning July 31 and winding up activities on August 4. The hours are nine until twelve o'clock, and youngsters ages four through twelve are cordially invited to join in on Bible study, mission study and some Bible stories. Refreshments will be served about mid-morning, and there will be a recreation period. Preregistration will be held Sunday, July 30, at Sunday School but is not a requirement. Any youngster who shows up with Bible and pencil in hand Monday, July 31, at nine o'clock, will be warmly welcomed. Some of the older young people at the church will be working with the younger young people, so there will be lots of fun going on, too.

**A GET-WELL** wish is sent along to Betty True, wife of Dan, who is currently residing at St. Anthony Hospital in Amarillo, waiting for a broken wrist and a broken pelvis to mend. Dan was teaching Betty the "in's and out's" of eagle watching. In an attempt to lower herself down the side of a cliff via a rope-staked in to the side of said cliff (which activity is referred to in some circles as "repelling") something somewhere gave way and Betty fell approximately twelve feet. She may not have picked up many "in's and out's," but Betty has definite knowledge of the "downs" of eagle watching, and Dan has probably lost an assistant for a while. At any rate, get well soon, Betty.

**STEVE ZANCHETTIN** is now a teenager, having reached such status on the 23rd of this month. Many happy to you, Steve.

**KIRK BALKE, SON** of Beth and Dick Balke, emerged second and his bicycle came in third, in a recent confrontation with a go-cart. An upcoming birthday on the 29th should hasten the healing process of his cuts, scrapes and bruises. Kirk and friends will celebrate with a Scotty Putt party and a very special birthday present.

**HAPPY ANNIVERSARY** to George and Darlene Bell; who will observe same on the 29th.

**AFTER VISITING** FRIENDS in Tulsa, Doug and Phyllis Ford spent several days camping out and fishing at the Lake of the Pines in Oklahoma.

**A HAPPY BIRTHDAY** to Margaret Ingram on the 28th. Happy to Jean Keith who celebrates on the 26th. Many more to you both.

**MRS. BILL HARP'S** sister, Helen Shelton is spending the week with her sister, Earnestine. The ladies plan on some sewing, some golfing and some swimming and sisterly talk.

**NEW FACES** on Euclid Street belong to Bobby and Mary Jo Hulsey. The Hulsey's daughter, Terri, will be attending Canyon Junior High School. The Hulseys were initiated into the ways of Gene Howe people with a surprise "Welcome to the Neighborhood" party on moving-in day. Several of their friends and new neighbors packed themselves into a co-conspirator's camper, which was then parked in the Hulsey's driveway. Upon investigation the Hulseys were greeted with an informal party and a great big welcome.

**DONNA AND BILL** Vance have a new baby son, named Shawn. The Vances had moved from Gene Howe territory several months ago to live and work in Iowa, and word is they may be back with us soon. Congratulations on the birth of your new son.

**ARLEAN AND F. P. Todd** have been entertaining some of the Jones girls. Donna and Susan, daughters of Mr. and Mrs. Henry Jones of Oklahoma City, have been entertaining the Todds, too. As is normal when a bunch of girls get together, they have been doing a lot of shopping, swimming and giggling. Thirteenth birthdays are important birthdays, and Arlean was pleased to be hostess for Donna's swimming party in celebration of her thirteenth.

**THE JONESIES AROUND** in the Todd family tree, and Arlean, Floyd and Frank Jones, all cousins of Arlean Todd, and all from Phoenix, Arizona, have recently been visiting in the Todd home.

**BOB AND CARLEEN** Curlee have returned from a successful house-hunting expedition to Atlanta, Ga. Bob has acquired the title of Branch Manager of the Standard Electric Time Company office located in Atlanta, and the Curlee family will be moving around the first of August. Their new home is actually located in Marietta, a suburb of Atlanta, and Carleen is very pleased with their selection. Gene Howe's loss will be Atlanta's gain, as this fine family has been an asset to our community—we will miss you all greatly. Incidentally, the Curlees have some fine type kittens who prefer to stay in the Gene Howe area, so if you have a good home for a needy kitty, call.

**THE MEN** in the Leonard Schmidt family celebrated Len Schmidt's thirteenth birthday with a cake made by his brother, Steve. A ten speed bike was Len's bestest present. While the menfolk were partying, Glenna and Carla attended a wedding in Vernon. Carla served as a flowergirl for the wedding of Larry Bird

Master Sgt. Hilary P. Brzostowski (right) is presented the U.S. Air Force Commendation Medal at Sheppard AFB, Texas, by Colonel Thomas Miller, commander of the 3750th Technical School. His wife, Marilyn, is the daughter of Mr. and Mrs. John M. Crews of 101 Mescalero Trail.

## Milk Levels Announced

A report of milk production levels attained by dairy cows in the area has been received from Holstein-Friesian Association of America.

The actual food production output, recorded in the DHIR program, by these local Registered Holsteins is:

Palo-Duro Pioneer Exec Goldie 6906990, a three-year-old, produced 25,370 lbs. of milk and 829 lbs. of butterfat in 305 days. Palo-Duro Pioneer Bess Lou 6976036, a three-year-old, had 22,840 lbs. of milk and 796 lbs. of butterfat in 305 days. Palo-Duro Charming S Artis 7108119, a two-year-old, had 19,330 lbs. of milk and 720 lbs. of butterfat in 305 days. Palo-Duro Noel Starlight Dolly 7275744, a two-year-old, had 16,420 lbs. of milk and 660 lbs. of butterfat in 309 days.

All are included in the herd tested for Louis G. Hinders, Canyon.

These new production figures may be compared to the estimated annual output of 9,388 lbs. (4,366 quarts) of milk and 345 lbs. of butterfat by the average U.S. dairy cow, the National Holstein-Friesian Association said.

Production testing is made available through the cooperative efforts of the state and local testing associations and Holstein-Friesian Association of America. Dairymen enrolled in the program pay for the service.

## Miss Dunlap Showered - Group Goes To Frontier Days

BY MARY NEAL HENRY

THIS IS the week-end of the big reunion for the Key Champs and Jones Boys. These are the Grand Family with which I served and I am looking forward to seeing all them. Amos Ratjen called from Joan's house in Happy the other day to see if I were going to get to make it. Friday afternoon, Eastern Stars from all over Texas should arrive in Amarillo and will eat and see "TEXAS" in Palo Duro that evening. Saturday, they'll tour Boys Ranch at Old Tascosa and be their guests for lunch. Saturday evening we'll wear our hostess gowns to the banquet in the Tropical Room at the Inn. Before leaving, we'll enjoy a breakfast and devotional Sunday morning at 8 A.M. I know I won't get to attend all of it, but I do plan to see as many old friends as possible.

DANNY BELL, Second from the youngest son of Doug and Peggy Bell, was seriously injured when he was pulled from a riding lawn mower

when a poncho he was wearing became entangled in the blade. The incident happened in Bell's yard and Danny was choked when he could not free himself. Little Wade Bell (youngest son) ran to the neighbors for help and Mary and Eddie Womack were home, and when the rope was finally cut, David Womack, (who was doing some painting at the folks', I understand) gave Danny mouth-to-mouth resuscitation. This probably saved Danny. His parents took Danny to Nebbett hospital and he was transferred to the Intensive Care Unit of St.

Anthony's. This happened on Wednesday of last week and Danny was brought home from the hospital on Sunday evening. He is supposed to remain quiet for a time. Danny is fourteen years old.

DEAN AND NETA Todd have opened their new restaurant on the Tulia-Dimmitt highway. Come to think of it, I don't even know where it is. But Dean has signs up to point you in the right direction. They serve fish of course, and also bar-b-que and other foods. Dean, Neta, and DeAnn are open from 11 a.m.-9 p.m. on Monday through Thursday and 11 a.m.-10 p.m. on Friday and Saturday.

BECKY DUNLAP and Gary Culp's bridal shower at Mary Jane Miller's was Saturday. Mary Jane, Myra Nell, Becky Mrs. Dunlap, and Mrs. Bertie Culp greeted guests in the receiving line. Jane Watson registered guests. (That is Janie McDonald). Willa Jane McManigal and Kay Penn (Mrs. David) served cookies, punch and coffee and nuts from a table centered with bright orange and yellow daisies in a wicker basket atop an avocado green cloth. The center piece was presented to Becky from the hostesses. Out-of-town guests included Mrs. Cecil Baxter from Floydada. (Mrs. Baxter gave Becky and Gary a bridal shower in Floydada on Friday morning) Mrs. Lucille Carter, Myra Nell's sister, Mrs. Julian Edmondson of Phillips and Mrs. Shelby Cook of Amarillo.

BECKY AND GARY opened the gifts on Friday night at Mary Jane's. Friends and family who shared the happy evening with them were Ed and Karen Wright; Jim, Willa Jane and Christy McManigal; Nig Taylor, Bob, Pat and Tricia Hargraves; Leona

McFarland; Lona Wright, Lorraine McDonald, Mr. and Mrs. R.G. Dunlap, Mr. and Mrs. Cecil Baxter, Johnny Baxter and Judy Mars, Anna Bee Robinson, Mrs. Bertie Culp, Everett, Myra Nell and Wicky Culp, Jane VanDever, Louese and Nancy White, Marta Kay Donnell, and Mary Jane. Cakes, coffee and cookies were served.

HAPPY JAYCEES and Jaycee-Ettes attended a records work-shop in Muleshoe on Saturday evening. Lloyd and Susan Rahlfs, A.J. and Alice Malone, Dick and Dottie Foster, Gene and Judy Shipman, Norman and Joy Freeman, Dean and Donna Bryan attended. Steve Shores, National chairman, presented the ROC program which will replace records and recognition.

HAPPY JAYCEES met Monday night. They plan to have a clean-up day on Saturday around the hall and gather wood for the bar-b-que again on Sunday afternoon. Happy Day Celebration plans are in the final stages. Plan to be with us on August 17, 18 and 19th.

BECKY LYNN, (Harry and Mona Beth Gilham's daughter) is visiting here with her cousin, Connie Hand. Becky Lynn is the Worthy Advisor of Brownwood's Rainbow Assembly and visited the Happy Rainbow Assembly last meeting.

OCIE AND SUSIE Parsons also visited the Happy Rainbow Assembly last meeting.

EARL COBB of Oklahoma, who just retired as postmaster of McCurtain has just been visiting Clois and A.J. Greenfield. C.J., Camilla, Cari, Shelley and Andy Greenfield, and Bill and Andy Sims left Friday for Charetta Lake and will be gone until July 30.

DELL AND SKIP Davis (used to be Dell Greenfield) have been on a two-week tour of Canada and Alaska.

HALF OF Happy went to Cheyenne to Frontier Days. Tuffy Thompson and Shi Hurst will be entered in the roping there. Tuffy and Judy Thompson and family, Copus and Acie Del Boyd, W.T. and Jaunita Robinson, Shi and Kelly Hurst, Willard and Mildred Middleton, Simmons and Willa Elliott, Gracie Lee and Frank Tiery, Cone and Sweetie Johnson, Carl and Nell Sims, June and Clyde Hancock, of Happy and Jimmie and Don Ed Middleton are in Cheyenne, Wyoming. Most of them left Sunday. I know the Hurst and Thompsons left earlier. Joanna Hurst is staying with Squad and Beulah while Shi and Kelly are in Wyoming.

MRS. WINFRED Padgett and children, Susan, Langley, and Lee of Pea Ridge, Arkansas have been visiting Nancy and Walker Parker in Happy and Mrs. Padgett's parents, Mr. and Mrs. Sam Adams in Canyon.

WENDY SIMS, Rocky Giddens and Kevin Donnell went to New Mexico Sunday to return a horse. Wendy tells me they drove up north of Las Vegas just as far as a pick-up can go. Pretty country!

WILLIE BUTLER is in the hospital for tests a few days of this week. She entered on Monday evening. Happy has worked diligently on this Key Charm and Jones Boys Reunion. This is not the week for you to be ill, Willie.

MRS. JACK Foster had a tupperware party on Thursday of last week. I'm sorry that I was unable to attend, but Hand Rossi came by that afternoon and I ordered floor covering so I couldn't leave. Mrs. Foster, I apologize for being unable to attend.

LENA AND BABE Walberg and Jo Sharp took Kevin and

Robin Smith back to Dallas last week-end. They left on Thursday of last week and returned on Sunday. Nancy had just begun taking therapy and is doing remarkably well. Both legs are in a cast and she walks with a walker (and a therapist making sure nothing happens that isn't supposed to).

NANCY IS able to visit both boys now in parts of the hospital where the eight year old is allowed and of course, this is good medicine. Robin and Kevin are fourteen and eight.

NANCY IS writing Thank You's but she asked Lena to help convey the message to everyone also. Nan is really thrilled to hear from all of you. If you've found a cute card lately, her address is still Nancy Smith, Room 6435, Baylor Hospital, Dallas, 75246.

FOSTER AND Phyla Harman met the Walbergs in Dallas on Friday and ate supper with them and visited Nancy. They also met their daughter, Lynn, and brought the granddaughter, Kelly home with them on Saturday.

JO (WALBERG) Sharp leaves for Scavenger, Norway, on August 6. Dave Sharp called the family in Dallas on the weekend and talked to them and to Nancy (from Norway) and made their weekend complete. Dave and Jo and the children still at home (three of them) one is married and two are in college, will be in Norway for a minimum of five years.

MRS. S.E. Vaughn was surprised with a birthday party on her 86th birthday on Monday, July 17. Seems as if Lola Bowe had a big hand in planning it and Mary Mayes and Elsie Foster helped in the kitchen. Jeanne Parker assisted with the serving. Others attending were Mabel Holloway, Kate Vernon, Lorraine Foster, Anna Mae McManigal, Annie Reed, Alice Penn, Nancy Parker, Ruby Oler, Ola Smyth, Geraldine Hambley, Ethel Wesley, Jane Thornton, and later Lena Ponder dropped by for cake and coffee. Lena Bell, Wanda Bates, Frank and Gracie Tiery, and Lizzie Wesley remembered Mrs. Vaughn but could not attend.

LORAIN AND DON Foster have recently visited Waller Foster in Dumas. Waller is to have surgery soon.

THE HAPPY BRAVES had a weiner roast to celebrate their season at the Vincent Venhaus Home recently. They had to roast the wieners in the garage, but the Venhaus's have a nice double garage, dart games, and ping pong so that probably didn't bother much. Coaches Gene Shipmen, George Tiery, Albert Null, and Raphe Shipman, Mike Weavers, Danny Wrenn, Sidney Eads, Chuck Walker, Rod Walker, Vincent Ray Venhaus, Luther Vandergriff, Kyle Odum, Devin Odum, Gregg Hampton, David Lane, Hol Toles, Tommy Pettilo enjoyed this social.

THE LITTLE League All Star Game was rained out last week-end. The first one was to be played at Happy since the Happy Braves won the league. The second at Nazareth, and the third if need be. First game is rescheduled for Tuesday night at Happy. Too bad this deadline is before then.

SOFTBALL ALL-STARs will be playing in the Dimmitt tournament this week-end. (Girls, that is.) Did you know they beat their mothers the other night by one point?

SANDY AND KIP Morgan and Zane and Larry Carter served calf fries to the Tri-State Club members Saturday night at Windy Acres. Those attending were Randy Bell, Ken Henry, Debbie Magness, Jan Whitlow, Valerie Tipps, Pam Shipman, Wendy Sims, Rockie Giddens, Sheri Henry, Kevin Donnell, Karen Murdock, Mark Hargraves, Chris Pearson, Teddy Offield, Sharen Dietz, Gary Barrett, Brenda Dietz, Steve Cole and Jana.

BILL PEARSON returned from the State 4-H Horse Show on Sunday night. He won first in the tie-down calf roping, which is judged on ropers form and horse's performance. Bill is one of 30 who qualified to participate in the National 4-H Finals to be held in Dallas, August 4 and 5.

TOM HENRY, Eugene Jackson and Ronnie Jackson, and Don Magness took Maude and Mae to Claude Saturday afternoon. Mary Ann Sims, Miss Happy, and Melissa Null, Little Miss Happy, rode on the buckboard of the mule wagon with Tom in the parade at Claude. Later, Ronnie Jackson rode with him on the grand entry at the rodeo. Of course, they carried the big sign advertising the Happy Days Celebration.

WE HAD two pleasant surprises Monday. Mr. and Mrs. David Matthews and their daughter, Brandy, dropped by. Brandy (two years old) left her footprints. It was o.k. because she is the only great in this family. LAVENNE AND EUGENE Jackson and their family invited us for supper Monday night. And it was delicious! We enjoyed it!

See ya! Mary Neal

Mrs. Jane Barnett and Miss Geneva Dominguez, employees in the WT Ex-Students Association at West Texas State University, look over an advertisement which ran recently in the Houston Post. The ad was sponsored by 17 WT ex-students.

## Palisades Palaver

### New Drivers Take To Road

By VICKI HOOKER

THIS WEEK ENDS the second session of Driver's Education in Canyon, and four weeks of chaos for the parents of the kiddoes who took it!

AMERICA'S HIGHWAYS - GET ready.

These ex-driver's ed students are now equipped not only with a license, but also with the know-how to help make them good defensive drivers. So those of us who have been driving for several years, and have become rather lazy about it, need to be on our toes. These new drivers are going to be ultra-cautious for a while, and they won't hesitate to point out mistakes we "expert" drivers make.

WE ARE VERY proud of all of you new licensed drivers, and especially proud of those in the Palisades area. From the Palisades are Rodney Thompson, Shari Wright, Mike Hooker, and Stan Hooker; Charlene Moulton and Connie Davis (1st session) from Palisades Road, and from Lake Tanglewood - Tanya Hunter. Congratulations to all of you!

YOU REMEMBER LAST week we were introduced to the Cliff Griffin family? If you'd like to add their phone number to your list, it is 622-1209. Haven't been able to find a number for the Poindexter's, another new family to the canyon.

ONE NIGHT LAST week we were down at the boxcar and ran into Mr. and Mrs. Fowler who were out picking up cans along the road and around the creek. Not only were they doing our community a favor, but they were also making a little money! Mr. Fowler has been in poor health and they are trying to sell their place so they can move into town. We certainly hate to lose such good neighbors, but we can understand their desire to be closer to the doctor.

THAT SAME NIGHT at the boxcar we talked to Roma Dustman. She said that at that time, Timmy, who received a broken leg last week in a motorcycle accident, was doing well even though he was in traction. He had had some problems with muscle spasms which were quite painful, but these were caused by his being unable to relax. That was a week ago and by now he's probably doing much better. At least we hope so!

A NEW "BUG" has struck in

the Palisades! Yes, it's Jerry Seitz's Volkswagen which he received as a birthday present. Jerry was 16 last Friday, July 21. Congratulations, Jerry, and many happy returns!

SPEAKING OF GETTING something new, Paul and Joyce McDonald got a new boat recently, so Joyce decided she'd better learn to swim! She's been taking lessons at the Osage Pool, and so far she's learned to float. Congratulations, Joyce!

THE McDONALD'S TOOK their new 19 ft. boat with the 160 horsepower engine to Lake Meredith last Sunday, and while Paul was learning to drive the boat! All the family had a very good time, and now we know Joyce is really hoping for a rise in the creek so instead of driving to the Webb's she can take the boat!

JAMIE WALKER AND Joe Moss have done it again! Jamie, on his new Penton 100, came home last weekend with three trophies, and Joe, on his Penton 125, boasted two. Last Sunday at the Pit, Joe won first in TT scrambles and fifth in motocross. At Greenbelt, also on Sunday, Jamie came in second in moto-cross. Later on that night at the Speedbowl he came in second in TT scrambles and fourth in moto-cross. You boys have worked hard and we know you are extremely proud of what you've accomplished. Congratulations to you both. We are proud of you.

WE WISH THE Walker family a safe and enjoyable trip this coming week as they will be traveling to Houston. They will visit Bob's aunt and uncle, Mr. and Mrs. Milton Bailey, who have a trailer in Tres Palacios, about 120 miles from Houston. Their home is near a river, and the Walker's will enjoy boating and fishing. And we hope Bob doesn't forget to take along his compass this time! Last year Bob, Jamie and Mr. Bailey were lost in the Gulf for several hours while deep sea fishing!

DORA WALDROP enjoyed the company of her daughter-in-law, Peggy, and her three grandchildren who visited from July 4-12. They live in Smithfield.

WHILE HERE, the children practiced each evening for an open 4-H horse show. They entered pole bending and the barrel race and all won ribbons. Grandson Alan did the best winning second in the barrel race and third in pole bending.

HORSEMANSHIP MUST run in the Waldrop family. At Vega this year, Dora won second in pole bending and fourth in the barrel race. Saturday before last at the Dimmitt QHS she won first in pole bending on Best Tone, her big black horse, and second in the barrel race on Mustang Brown.

DORA SAYS THESE two horses have won the high point plaque every playday this year at the Rolling Hills Rodeo Arena.

ginia Thomas, daughter of Mr. and Mrs. Floyd J. Thomas, who reside northeast of Canyon. Mr. Costley is the son of Mr. and Mrs. Glenn A. Costley, north of Canyon.

The Costley's three children, Randy, Andy, and Sherie, were present for the celebration. Also present were Randy's wife Carole and his daughter Candy.

Approximately 50 guests were served cake, coffee and punch by Miss Sherie Costley and Miss Jimmi Carol Crow. Mrs. Gene Johnson and Mrs. Knox Day prepared and served chips, dips, and snacks during the afternoon.

Mrs. Costley is the former Vir-

## Exes Buy Ad Space

Seventeen ex-students of West Texas State University bought an advertisement recently in a special section of the Houston Post to tell about the University.

"If you want to know where you will be in the nineteen seventies the place to start is West Texas State University," says the add, which is two columns by 10 inches in depth.

The advertisement was accompanied in the special section by a short story about West Texas State.

The ad stressed the faculty-student ratio of the school, which is about 1 to 22, the growth of university with maintaining academic excellence, the nearly \$10 million in new buildings, the multi-million dollar activities center, and the six colleges and schools of the university.

The ad was sponsored by Mr. and Mrs. Boyce Box, John T. Broadway, Roger Bryant, Duane Byars, Leon Chapman, Henry Davis, R.A. "Bob" Ehlers, Mr. and Mrs. Harold Erwin, Wayne Fox, Melvin Jayroe, Connally Lockhart, David Plank, Wix Price Jr., Wayne Rankin, Joe Y. Sneed, Frank Wise and Bruce Womack.

## Lake Tanglewood News

WE EXTEND DEEPEST sympathy to Mr. and Mrs. Lawrence Van Doran. Mr. Van Doran's sister died last Saturday night as a result of injuries she received in an auto accident near Lamar, Colorado. Her husband is in an Amarillo hospital at present. Of course, Claudine Van Doran was unable to get news items this week, so we don't have much. Many thanks to Lorene Walker who gave me what news she could think of.

THREE LADIES, MRS. Casey, Mrs. Dolcater, and Mrs. Robins provided special music for church services last Sunday. Two of them played accordions and one played the violin.

WE WISH JIM Thomas well as he travels to Houston on the 29th for tests. Here's hoping all will be A-O-K!

RECENTLY RETURNING from business trips are Bill Zelsman, who attended a flower convention in San Antonio, and Deward Walker, who was on business in Austin. Welcome home, fellas!

DEWARD'S SON, Donald Walker, recently moved to Lubbock where he will be working for the new J. C. Pennys' Store. Good luck to him in his new job.

WE WILL HAVE more news next week, but I know you understand why it was so scarce this time. Again, we are terribly sorry about your sister, Lawrence. May you and your family find the strength you need in this time of sorrow.

## U. S. 60 Interstate Designation Viewed

BY CARROLL WILSON

U.S. Highway 60 just north of Canyon could become an interstate thoroughfare if plans now being laid in Eastern New Mexico and Texas Panhandle towns are carried through.

The Canyon News learned this week that a meeting involving seven area towns will be held next week to discuss the possibility of having U.S. 60 designated an interstate highway from Canyon to Clovis, N.M.

The proposal is only part of a larger plan put together by several towns in Eastern New Mexico which would link Interstate 40 in Amarillo with Interstate 10 in Las Cruces, N.M.

If the highway designation change between Canyon and Clovis is approved, the road must be brought up to federal interstate highway standards within 12 years, according to LeRoy Tillery of the Amarillo Chamber of Commerce.

Tillery, who has been working with Chamber of Commerce managers in towns all along the U.S. 60 and I-10 routes, said the current highway almost meets federal standards right now.

He said, though, that grade crossings from various roads would have to be eliminated or brought to federal standards.

Enthusiasm for the redesignation proposal has been on the rise in New Mexico for more than five years, according to Tillery, but no action has been taken until recently.

An amendment to a bill introduced by Sen. Montoya of New Mexico was recently passed by the Congress to allow states to designate a section of highway within their boundaries as part of the interstate highway system, pending the approval of the federal highway commission.

The amendment paved the way for serious consideration of the U.S. 60 redesignation.

Tillery said no efforts have been made on a Congressional level to obtain funds for the construction which will be required to bring U.S. 60 up to interstate standards.

He said, though, a group from the Amarillo Chamber went to Roswell in 1969 to present backing for the New Mexico towns in their efforts to obtain the redesignations.

Even the state highway department is in only the informational stages.

C.W. "Chili" Smith, district engineer for the department, said he will probably attend next week's meeting on an unofficial basis.

He said he believes the interstate redesignation and construction plan is only in the planning stages. He said his office has not been authorized to do any work on the project.

Amarillo Chamber of Commerce Manager Don Hileman said several meetings on the proposed interstate project have been held in the past.

posed interstate project have been held in the past.

But, for Canyon's chamber, the invitation received last week for next week's meeting is the first word about such a proposal.

Chamber President David West expressed surprise when told of the plans.

West, who along with other chamber board members is a member of interstate projects, said a

group from Canyon will attend the meeting.

Canyon has been wrestling with the Texas Highway Department for several years about a proposed Interstate 27 highway which would connect Amarillo and Lubbock, bypassing Canyon.

The highway department proposes a route which would take (See INTERSTATE, Page 5)

Music is a relative thing. What sounds tootling to some may be enough to send up a howl from others. Denise Shipp of Friona High School plays her clarinet to the not-too-musical restraint of a dog found romping on the West Texas State University campus.

Miss Shipp is in Canyon this week to participate in the annual band camp. The dog and Miss Shipp were brought together for their concert by WTSU photographer Andy Hester.

## Telephone Rate Increase Reported In Offing Here

Southwestern Bell Telephone Co. intends to seek a telephone rate increase in Canyon as soon as a similar request is acted on in Amarillo, a usually reliable source told The News recently.

The source said the rate hike request could be as high as 37 per cent.

The phone company requested to appear before Amarillo city commissioners three weeks ago to discuss a rate increase in that city.

At mid-week, the possibility was strong that the inactive West Texas Utilities Committee, a group of some 50 cities which joined together two years ago to question a rate hike request by Pioneer Natural Gas Co., would be reactivated with the intent of challenging Southwestern Bell's request.

At least one city has shown an interest in reviving the utilities committee in anticipation of a rate hike request from the telephone company for towns throughout the Panhandle.

A meeting may be called in the near future to discuss the possible rate hike.

Meanwhile, Bell Telephone officials neither deny nor confirm The News information that a rate hike request is coming.

D.D. Dillard, district manager of the company in Amarillo, declined earlier this week to say whether the system will seek a rate increase here.

"If it looks like a rate increase is needed in Canyon," he said, "then we'll inform the city commission first and then the news paper."

Dillard said the telephone company is currently "looking at" all exchange systems in Texas to determine whether rate increases are needed.

Local phone company representative Mike Patrick told The News he is not aware of any contemplation on the part of company officials to request a rate increase here.

About three weeks ago, phone company officials requested a hike for telephone service in Amarillo.

Amarillo and Canyon are joined telephonically by what the company refers to as "extended area service."

## City Clerk Quits Job

Canyon's city clerk and administrative assistant for the past 18 months has resigned his position.

Glen Metcalf, who came to Canyon after a year's tour with the U.S. Army in Vietnam, has resigned effective Friday.

He has accepted a position as the Abernathy manager. He starts work there Monday.

City Manager George Loudner, in making announcement of Metcalf's resignation, said no replacement has yet been hired.

"Glen has done an excellent (See CLERK, Page 5)

## Road Paving Eyed By Commissioners

Randall County commissioners court is studying the possibility of paving a road from South Washington to the Nance Ranch Headquarters.

Commissioners estimate that the 2-mile project would cost about \$5,000 a mile.

Dr. Charles Smallwood, head of the West Texas State University School of Agriculture, and Virgil Henson, WTSU financial vice president, appeared before the court Monday to request that the road be paved.

Three routes are available but the route east from South Washington is favored because it will also serve some seven families who live along it.

Nance Ranch is a ranch conditionally given to the university for teaching experimental purposes.

Currently it is served only by unpaved roads which turn to quagmire in rainy weather.

Dr. Smallwood told of some 14 cars being stuck in the mud along the route to the ranch last winter. He even told of having a professor from the University of Iowa strip off his shoes and socks and get out and push when their vehicle became bogged down.

"We will have people from all over the country going out to the Nance headquarters this winter," Henson predicted, saying the university plans to spend \$160,000 in improvements there in the immediate future.

Smallwood said he is concerned about time element in getting feed to the ranch for livestock and the effect of transportation on the time element in pro-

jects on the ranch.

He said lack of access to the ranch could invalidate cooperative experimental projects undertaken in conjunction with Texas A&M.

Members of the court decided to study the matter. Henson agreed to assist in obtaining any needed right of way.

Joe Hodges appeared before the court for the second time in connection with proposed paving along Arden Road, a project that apparently had been abandoned because of difficulty in obtaining right of way from a property owner there.

An effort will now be made to pave Coulter Road between Arden and Hollywood Road in order to serve the some 74 families (See ROAD, Page 5)

## Auto Insurance Rates Will Be Lowered Here

Randall County automobile owners are due for a cut in some phases of their auto insurance if the Texas Insurance Board accepts staff recommendations.

Charles Porter, rate actuary, says some rates will be cut as much as 25 percent which is the maximum allowed.

He said the recommendations were based on loss experiences in the areas involved across the state.

Porter said that on average passenger cars with 1-B drivers,

Glen Metcalf, who for 18 months has served as Canyon's city clerk and administrative assistant, has resigned his position effective

Friday. Metcalf will assume duties next week as city manager of Abernathy.

## Hospital Board Votes 25-Cent Rate For Taxes

Board members of the South Randall County Hospital District adopted Monday night a tax rate of 25 cents per \$100 on a 51 per cent property valuation.

The board also reviewed a proposed budget in excess of \$100,000 for their next fiscal

year. The budget is based on the 25-cent tax rate.

Neblett Hospital Administrator Ray Grimes presented to the board tax rate options ranging from the adopted 25 cents to 30 cents.

"I say, unless you can argue me out of it, that I'm in favor of the lowest tax rate," said Vernon Harman, vice president of the hospital district. "It's easy to raise taxes and hard to get them down, so I suggest we start with the lowest we can have and still get by."

And, nobody argued with Harman about adopting the 25-cent rate.

"I think it would be a lot better in the eyes of some people than the 30-cent rate," board member Floyd Tomlinson said.

"I think Vernon's got a point," Bill Sternberg said. "I think the taxpayers would feel better about it."

O.H. Rahlfs, board member, noted that the 25-cent tax rate would be eight cents lower than that which had been publicized by the board during last summer's bond election.

Grimes said only four of the 25 cents will be used to handle administrative financial matters, while 21 cents will be used to retire \$800,000 in tax bonds voted last summer and sold in June.

The proposed budget presented by Grimes shows an estimated revenue of \$114,000 next year and an expenditure expected to be almost \$112,000.

More than \$80,000 of the \$112,000 would be expended to pay interest and principal on the tax bonds. The first bond payment is due next summer and then semi-annually thereafter.

Grimes based his budget estimate on records from the Randall County Tax collector-assessor's office. The records indicate the county has a certified tax roll of at least \$72.5 million.

Grimes told the board that the tax roll in actuality could be as high as \$80 million.

According to the budget figures, 51 per cent of the certified roll would yield a taxable value (See TAXES, Page 5)

## State Funds Mismanaged, Treasury Candidate Charges

Spitting out documented facts as fast as he could talk, State Rep. Maurice Angly fired broadside after broadside accusing his opponent in the state treasurer's race of corruption and gross mismanagement.

Angly told The Canyon News Wednesday that incumbent Treasurer Jesse James was "too smart" to get caught in the recent Sharpstown Bank scandal.

Using documented evidence, Angly, who is making another statewide swing in his bid for election, outlined James'

schemes involving the Bank and the misuse of state funds.

"Ten million dollars was deposited in Sharpstown Bank — as shown by the state auditor's report — by the state treasurer," Angly charged. "The bank only had between \$71 million and \$76 million in total deposits. It was the only bank in the state of Texas to have one-seventh of its total deposits come from the state treasury."

Angly explained that in his office, James has the power to deposit state monies in banks al-

most of his own choosing.

Through his deposits, the state treasurer is expected to make a reasonable return on interest from the investments.

Angly says James has grossly mismanaged this function of his office.

"The hard facts are that, under Treasurer James' self-serving stewardship, state funds have been badly weakened by the loss of \$26,000 each day — or an awesome \$10 million each year," Angly said.

The candidate said the state should be making as much as \$26 million rather than \$10 million on its investments of state money.

Angly also charged that James used his power to change state money from bank to bank to threaten Texas bankers into supporting his primary campaign.

"More than 80 per cent of his primary funds came from bankers — officers, presidents and owners — of some banks in the state," Angly said. "You talk about a blatant conflict of interest. James is supposed to be the man whose duty it is to regulate the way state money is handled by these men. Yet, he has the power to place hundreds of millions of dollars in their banks."

At noon Wednesday, Angly spoke to members of the Lions Club.

"The state treasury can either be run honestly as a public trust to produce interest revenue which lessens the need for higher (See STATE, Page 5)

## DA Will Decide Metro Charges

Decision on whether charges will result from current investigation of the Randall-Potter Metro Unit will be left with Potter County District Attorney Tom Curtis.

Amarillo Police Chief Paul Hulsey said probe of the unit and auditing of records is continuing and decision on whether there will be prosecutions lies with the district attorney when the auditing has been completed.

Metro Unit Coordinator Joe Bowes was suspended a week ago Monday for what the unit board of governors termed "discrepancies" in records.

Thursday is the coordinator's

final day for appeal to the civil service board. Chief Hulsey Wednesday said that as far as he knew at the time Bowes had made no appeal.

Chief Hulsey declined to discuss any bill of particulars connected with the suspension.

He said he has been studying the situation in preparation for making recommendations to the board of governors.

Hulsey indicated he will advise tighter control on the unit and possibly expansion of the board of governors.

In Canyon Randall County commissioners court in an hour closed session pondered the fu-

## WTSU Secretary Is Rated At Top Of Her Profession

Mrs. Dianna Gheer, secretary to the president of West Texas State University, has been awarded the Certified Professional Secretary rating, highest designation in the profession.

She is only the second person

in Canyon and one of few in the Panhandle Plains to achieve the rating.

The designation is conferred by the Institute for Certifying Secretaries, a department of the National Secretaries Association International.

Certification comes after successfully completing a six-part examination requiring 12 hours over a two-day period.

The examination, given only once a year, tests a prospective CPS on skills and techniques in personal adjustment and human relations, business law, business administration and secretarial accounting, skills and procedures.

President James P. Cornette of West Texas State, for whom Mrs. Gheer has served as secretary

since 1965, said "she is more than what one thinks of when the word 'secretary' is used. She represents the first impression (See SECRETARY, Page 5)

DIANNA GHEER

**COVERING FUMBLE**  
By Mitch Jones

Too few people understand that a life work with purpose is almost synonymous with life itself.

by Troy Martin

FROM THE

CANYON RIM

Half my lifetime ago, back in 1948 my interest in national politics quickened. I sided with wiry, gutty little Harry Truman.

I admired Truman for bringing World War II to an end and for standing up to Russia in the Berlin crisis of '48.

George McGovern and I were on opposite sides then and we still are.

I am amazed at how little McGovern has changed his views since he took to the field for renegade Henry Wallace that year.

The Berlin crisis was sizzling in the early part of 1948 and while Secretary of State Byrnes was trying to negotiate with Molotov in Paris, Wallace—then a member of the cabinet—was undercutting him in New York.

Wallace openly attacked US policy while the negotiations were under way.

McGovern has done the same thing to the Nixon administration and undoubtedly has prolonged the war. The Hanoi government may choose to hang on, hoping that McGovern, who has already promised to surrender, will be the victor next fall.

From 1946 on Wallace turned steadily to the left.

During World War II he advocated ruthless bombing of the enemy but then sought disarmament in the face of post war

Soviet buildup.

At times Wallace acted as if he were trying to get elected to office in Soviet Russia instead of running for the Presidency of the United States.

In parallel, McGovern has even offered to visit Hanoi as though he might be counting on some electoral votes from North Viet Nam in November.

Wallace in 1948 sought to go straight to Stalin for a settlement of the Berlin crisis. In another parallel, McGovern already has negotiated with North Viet Nam officials in Paris, action which he had no legal authority to undertake.

The Wallace foreign policy plank is indeed the grandfather of the McGovern plank. Wallace advocated drastic reduction in US armament, the draft scrapped, sharing of scientific—atomic—information with the Soviet Union and evacuation of American troops from ex-enemy territory.

No wonder bloody Joe Stalin hailed the Henry Wallace statement as the "most important political document in recent times."

In the speeches of Henry Wallace the Russians were always right and the United States always wrong.

If you watched the 1972 Democratic Convention you saw a

Tidbits

here and there

BY CAROL CRAIN

THE SQUARE HOUSE MUSEUM at Panhandle was visited by a large number of dignitaries as well as several Canyonites last Saturday.

An appreciation ceremony took place that afternoon with Mrs. Mary Moody Northern as special guest. (The Moody Foundation provided a substantial sum for one of the charming buildings at the museum, I understand.)

"TEXAS" officials including Dr. and Mrs. Ples Harper, Dr. and Mrs. John Green, executive director Raymond Raillard and Virginia, directors Mr. and Mrs. William A. Moore, plus other longtime supporters of the arts—including Tom Matthews, head of the Amarillo Art Center; Pete Gilvin, and the Sherwood Bladsels were also in attendance.

Mr. and Mrs. Paul Green, Pulitzer prize winning author of "TEXAS" flew in as a surprise for Margaret Harper's birthday. They visited the museum and saw the outdoor drama that evening.

Congressman and Mrs. Graham Purcell and daughters Melissa, May Lynn, and Sara also visited the museum complex that afternoon. The Congressman flew in for weekend events in the Panhandle. The family also attended a reception for dignitaries held at the Ralph Randle home in Panhandle.

Mrs. Randle was instrumental in establishing the Square House museum in Panhandle.

Former State Representative Malouf Abraham of Canadian was on hand to show the original Norman Rockwell painting purchased by his son, Dr. Malouf Abraham, Jr. that was on display.

This lovely museum is well worth visiting, let me assure you. Plus it is such a short distance away you may easily take any of your out-of-town guests.

CHI OMEGAS MET at the Greenbrier in Virginia for a workshop recently with Mrs. Lee Reeves and WTSU prexy Karen Schoenberger attending.

After the sorority workshop was completed the two joined with some Chi O's from Midwes-

tern University and toured Washington D.C. with Kurt Purcell as their guide. Kurt is the Congressman's son.

REGGIS REEVES, by the way, is working in the Re-elect the President campaign for Richard Nixon through the Dallas office.

\*\*\*

FRANK AND BETH HEZMALL have returned to the Panhandle after the WTSU exes' tour of duty in Europe and Viet Nam.

They are at home at 3609 Terrace in Amarillo.

\*\*\*

HOME FOOTBALL GAMES are scheduled for September 23, 30, October 14 and 28 at 7:30 p.m.

If you haven't purchased your season tickets (\$20 each) you may call the athletic office or the Ex-student office on the WTSU campus.

\*\*\*

WTSU-EXES purchased an ad in the Schools and Colleges supplement to the July 16 issue of the Houston Post. The ad (2" x 10") stressed the faculty-student ratio at WT (one teacher to 22 students).

\*\*\*

DR. EMMITT SMITH, Dean of the School of Education, is scheduled to deliver an address to the World Assembly of the International Council on Education for Teaching in London, England today.

Dr. Smith, winner of this year's Faculty Excellence Award, is the State Coordinator for the Texas Teacher Center Project.

The educator is one of a five-man team from the United States being featured at the London meet.

Dr. Smith is reporting on innovations on teacher education being piloted in Texas.

\*\*\*

HOW TO MAKE A ROUND TABLECLOTH and eight round napkins from one sheet (108" x 81") is only one of the cute ideas in the booklet "Make It With Sheets" by Cannon Mills.

You may order same by writing the company, 70 Worth St., New York 13, N.Y.

\*\*\*

A BRASS NAMEPLATE for your door may be ordered from Elgin Engraving Co., Dept. FW, 614 South St., Dundee, Ill. 60118.

Prices are \$2 for a 3" plate and \$4 for a 5" one.

EXTRA EASY LEMON ICE CREAM is my mom's favorite! I thought I'd share it with you this week. Talk about easy!

EXTRA EASY LEMON ICE CREAM

Stir til dissolved:  
1 pt. half and half  
1 c. sugar

Add:  
½ c. fresh lemon juice  
1 T. grated lemon rind  
Pour into ice cube trays and freeze!

See, I told you it was easy!

HAVE A TIDBIT? call 655-7470.

Chief of Police Al Stewart tells 11 Canyon students about what lays ahead for them as members of Canyon's Law Enforcement Explorer Post. Tuesday night was the first meeting for the Post, which is sponsored here by the Canyon Police Department.

10 Start Explorer Post

Nine boys and one girl started Canyon's first Law Enforcement Explorer Post Tuesday night.

Chief of Police Al Stewart said as many as 10 more have expressed an interest in joining the newly-formed post and that a membership of 20 wouldn't be far-fetched by mid-August.

Stewart, along with three Canyon policemen and representatives from the Boy Scouts of America, greeted the new Explorers and outlined the workings of the post.

Bob Bentley, representing the Boy Scouts, told the young people that Exploring is the fastest growing program for students their ages in America. Bentley outlined the benefits of belonging to an Explorer post.

Bob Carr, who heads an Explorer's council for this area, explained activities the area council sponsor for participating Explorer posts, activities including road rallies, dances and camp-outs.

Stewart told the new Explorers that the local post's program and activities will be "developed by you young people."

Following the meeting, Stewart expressed enthusiasm about the future of the post.

"I'm very happy about it," he said. "I think the turnout was great and I think we'll have a good post."

Calvary Baptist Church

Twentieth Anniversary Celebration July 30, 1972

Calvary Baptist Church, Canyon, Texas, is twenty years old this month.

We are celebrating our Birthday with a Homecoming and Anniversary Celebration this Sunday, July 30, 1972.

A cordial invitation is extended to our former members — and to all of our friends in our community — to come and participate in a special service of worship and celebration at 2:00 o'clock this Sunday afternoon. Two of our former Pastors, The Reverend Aaron Mann and the Reverend Jack Boyett, will be here to speak to us.

We will have an old fashioned "Dinner on the ground" at noon. You are invited to come and spread your dinner with us. Plates, knives and forks, iced tea and coffee will be furnished.

We are praising God for the twenty wonderful years He has given to us, and we are looking forward with anticipation to what He has in store for us in the years to come. Please come and help us celebrate!

Moore is one of 239 students named to the honor roll.

Moore is the son of Mr. and Mrs. William A. Moore of 2508 12th Ave.

Mescalero Park News

Rains Soak Camp Fire Girls

BY TOOTIE BYBEE  
WELL, HELLO once again. It sure feels good to be back in the ole groove again of running around like I'm half crazy trying to keep up with all I have to do! Hope you are good and busy this summer, too. Know lots of you are, cause I've seen you coming and going.

THOSE TOW'S are off and gone again! This time they took a trip down to Fort Worth to Ann's nephew's wedding. It all sounded like it was really going to be quite an affair. I'm sure it was lovely.

SUPPOSE the bunch that spent the week with me at the day camp fared all right. There were 5 girls who were campers for the week, Jeanette Ellis, Stormie Moreland, Shelley Whitehead, Leslie and Lenise Bybee. Also, 3 junior high and high school girls from the park served as Aides, Glenna Evans, Denise Malson and Sherry Evans. They all earned a big thank-you from the Camp Fire bunch, especially after spending a day and night in wet soggy tents and sleeping bags. Guess all together it wasn't too bad a week. Thanks also, to Betty Malson for coming and helping us to serve 85 wet and hungry girls Friday.

THAT GREG JONES has sure been busy this past week end. Seems he and a buddy drove about 1300 miles into Colorado and back. Saw just lots and lots of sights, Royal Gorge, went to Central City and up to Eagle's Nest and all around that part of the country. I know it's a trip he'll remember a long time from now.

CRISTIE JONES had a friend over, Kathy Hornsby, and they went up to the old wind mill and had a picnic lunch and had a very good time.

SAW JUST A batch of kids out this week end enjoying themselves. Saw Jubal and Tracy Gillis and Doug Jones riding their mini-bikes. Saw Terry Miller with Traca Cooper on the back riding the mini bike. Saw Larry Pate and Joey Gillis out enjoying the new 10 speed bikes after dark. Saw Sherry Evans enjoying a late afternoon hike with Luke, Daisy and Ace. Saw the Robinson boys on their motors riding around. Saw little Linda Boren and friend and doggies riding around the Park on their bikes. Saw Spooky Whitehead playing with Brent Mitchell out in the front yard. Saw Blanche Hudson picking beans in the garden. Saw Tracy and Deann Cooper weeding their garden. Saw Mr. and Mrs. Bedwell working like crazy in their beautiful vegetable garden. Saw Mrs. Banman mowing the yard on the riding mower. Saw Mr. Crews busy working on his car. Guess I saw a little of everyone doing something.

WANT TO welcome Ann Tow's sister Evelyn, to our little oasis in the desert. She is a teacher in California and is here for a little visit with the Tow's.

IF ANY OF you kiddies have a ball team you want to tell me about, be sure and call. I noticed where several of our Canyon teams are doing real great.

HERE IS THE recipe I promised you all, wish I could say it originated with me, but it didn't. I got it from Carolyn Osborn of the Expanded Nutrition Program Office in Amarillo. It's called:

MEXICAN SALAD  
1 lb. Ground Beef  
1/2 cup chopped onion  
1 lb. can Ranch style beans  
1/2 cup French dressing  
1/2 cup water  
1 Tablespoon chili powder  
4 cups shredded lettuce  
1/2 cup sliced green onion  
1 8-oz. wedge sharp cheddar cheese (grated)  
Corn chips  
Brown meat, add onion and cook until tender, stir in beans, french dressing, water and chili powder. Simmer 15 minutes. Combine lettuce and green onions. Add meat sauce and 1/2 cups cheese, toss lightly. Serve with 1 cup crushed corn chips on top.

LOOKS LIKE we have a new neighbor in the Burdette's house. Will do my best to get by and get acquainted with them and report next week. If you beat me to it just call and let me know and I'll sure get it in.

GUESS JO ANN Mitchell's foot is getting a little better. Heard she was canning up a storm this week. Guess she's hobbling around to do it. Take care Jo Ann. I know Shirley is picky crazy by now. The last time I talked with her she had canned 13 quarts of dill and that many more of sweet and was fixing a batch more. Whew!!

A most very happy birthday

**Tennis Group Sells Meeting**

A meeting of Canyon High School tennis enthusiasts will be held at 2 o'clock Saturday afternoon at the West Texas University Tennis stands.

David Kent, WTSU tennis coach, will speak to the group.

The group eventually will meet with the Canyon school board to ask for help in promoting tennis in the high school here.

to Ricky Cooper. I'm surprised he has slowed down enough to have a birthday. His ball team will be playing tonight in Pampa for the championship. He had cake with the team after one of the games last week and then spent the night with his cousin in Pampa and finally got home to open his presents last night. So, happy 13th birthday, Rick. Traca Ann said she was sick of ball games!! ball games!!

FOUND OUT just a little bit by way of Deann Cooper, about the new house going up across from Tow's. The people are Public Service people and are having it built and hope to move in real soon. Boy, this area will soon be a small town.

HOPE DEANN Holmes enjoyed her week's stay at band camp at West Texas State this

past week. We sure missed you out at day camp. Bet you learned a lot.

SHERRY AND GLENNA Evans have been real full of music here lately!! They are both working to get ready to go with their church choir to sing at Questa, New Mexico the week end of August 20. Bet they will be tired for school the next day.

HELLO TO Becky and Marvin Carr. They are really good on the trampoline. Ha. Well, time to sign off again. Will see you in this same spot next week. Please do your community duty by calling me and giving me some good news for the column. One last word: To Leroy Evans, I love Hippie pants even on "older" men.

TO FORREST Carr: If you strike while the iron is too hot you may get burned!!

Sherman Acres Area

Bakers Tour Southwest-Leiths Entertain

BY MARY JO GRIFFIN

HELLO FROM OUR neighborhood this week. We have a few happenings we'd like to pass along to our readers. Thanks again for the calls telling about your activities.

SPENDING THIS WEEK with the Murray Leith family is Wanda's brother and family Mr. and Mrs. James Luedcke, Pat and Wendie of Midland. Also guests of the Leith's Sunday were relatives of Mrs. Luedcke from Wheeler, Mrs. Lillian Moon, Mr. and Mrs. Bobby Patterson, Dale and David. Among other activities, they did

some exploring and camping in Palo Duro Canyon.

BIRTHDAY WISHES THIS week to Stacy Hall, Spencer Weyerman, Bill Nash and Andrea Grace. May all those wishes come true and do have a very happy day.

VISITING WEDNESDAY THROUGH Sunday in the Sherman Jones family home were their daughter and son-in-law, Mr. and Mrs. Tommy Goodwin of Abilene. Our Penny returned home with them to visit for a few days.

HAPPY WEDDING ANNIVERSARY tomorrow July 28 to Mr. and Mrs. Jim Huneycutt. We wish you many more happy

years together, Jim and Jewell. MR. AND MRS. Jim Baker and children, Nancy, Ricky, Kelly and Brenda vacationed recently in Oklahoma, Colorado, and New Mexico. They visited with Jim's mother Mrs. Vi Wolfe in Tishomingo, Oklahoma, and with friends in Denver, Colorado, then went over to Santa Fe, Albuquerque, and Carlsbad, New Mexico. They toured the caverns and also spent some time in Juarez, Mexico. They report a real good vacation.

WE SEE THAT Mike Hanes is really back on the go since his bicycle accident. It's a shame for a bicycle to treat a person that badly. And speaking of cycles, have you seen Debbie and Linda Nash out going places on those new 10 speed cycles, so bright and shiny and easy looking.

deaux Street were camping down at Lake McClelland last week. Mr. and Mrs. John Gaston and two sons and Mr. and Mrs. Paul Barnett and son report a good camp out.

THAT GARDEN OF George and Peggy White's surely is a beauty. They spend a lot of time in it and get a lot of pleasure from it, also such goodies to eat.

SEVERAL OF our families are on vacation now. Hope to let you know about their travels as they return.

Mary Jo

Three hundred — count 'em, three hundred — students from Odessa came to the WTSU band camp attendance. More than 1100 musicians are in attendance this week.

## Road. . .

(Continued from Page One)

living in the area. Apparent low bids by Gulf Oil Company and Ted Lokey Oil Company to supply gasoline and oils and greases for county vehicles were accepted.

Commissioners voted to accept the bid of Imperial Chevrolet of \$6,419.84 with trade ins for two Impala Chevrolets for the Randall County Sheriff's Department.

The Imperial bid was accepted when it was learned that cars offered by other bidding firms did not meet horsepower specifications.

Road Supt. Joe West noted that horsepower rating this year is away because of anti-pollution gadgets on autos.

Justice of the peace Bill Wilson asked the court to buy him a new chair to replace the one purchased in 1959. He said his pre-

sent chair has been welded several times.

Appointment of election judges was discussed briefly but no action is expected until the court's first meeting in August.

Mrs. Audrey Bruse, county tax assessor-collector was authorized to hire some temporary help for a maximum of three weeks and to rent a typewriter for a month.

The court went into executive session to discuss the Randall-Potter Metro Intelligence Unit of which Randall County is a member.

## Auto. . .

(Continued from Page One)

per person per accident, plus \$5,000 in property damage liability coverage. The typical driver is 1-B who drives to and from work but does not use his car in business and no driver under 25 years of age operates his car.

Porter said the new rates will go into effect about Sept. 1 if the staff's recommendations are accepted.

This is the first change in rates since January of 1971.

## Interstate. . .

(Continued from Page One)

the new interstate several miles to the east of the city. Many Canyon residents feel the highway should be routed to the west of the city.

West's immediate reaction to the U.S. 60 redesignation proposal was cautious.

"My immediate thought is that if it doesn't change anything in Canyon, I'm not against it," he said. "I want to be sure what the proposal is and exactly what's going to happen before I pass judgement on it."

Even so, West says he sees no real advantage in changing the designation or even the construction on the current highway.

"I can't see that it'll change anything," he said. "I don't know that we'd get any more traffic."

Tillery was more optimistic. "One advantage to having it as an interstate route is that an interstate gets all the attention from the travel bureaus and from the oil companies," he said. "Of course, the major advantage is safety and speed."

Tillery said the Amarillo chamber is supporting the redesignation. In fact, he said, the proposal was made to the Texas Highway Commission in about 1965, but that the idea was taken under consideration and dropped.

Next week's meeting on the proposal will be at 7:30 p.m. in Hereford.

Attending will be representatives from Canyon, Bovina, Friona, Hereford, Farwell, Roswell and Amarillo.

Angly said he is angered and offended that while Texas' representatives and senators strive to keep the state's finances on an even keel without tax hikes, the state treasurer is wasting and deliberately losing state revenue through corrupt investments.

"No bank anywhere would be run the way the state treasurer operates the state funds of Texas," he said. "I don't believe the voters want to tolerate this."

Angly called himself the first serious opponent of James in two decades. James has been in office 31 years.

And, as a serious opponent, Angly sees his campaign gathering steam across the state. He is enthusiastic about his chances to beat James and have an opportunity to clean-up the Treasurer's office.

Angly's stop in Canyon included a speaking engagement Wednesday morning to students and faculty at West Texas State University.

He was sponsored here by Mrs. W.E. Parker and Greg Edwards.

## Clerk. . .

(Continued from Page One)

job," Louder said, "and he will be missed by myself tremendously. I know."

"But, I'm glad he is going to a position in the field in which he's been working and that he's staying in the business."

Abernathy is a town of about 3,000 population just north of Lubbock.

## State. . .

(Continued from Page One)

taxes or it can be run for the financial benefit of the office holder and his political cronies," Angly told the club members. "The state auditor's figures demonstrate Jesse James' choice."

In the earlier interview with The News, Angly said he is challenging James in the state treasurer's contest basically to clean up the office and institute procedures which will insure a proper return on the state's investments.

"I think I can do more for the state of Texas by stamping out the corruption and waste in the Treasury than I can by running for a fourth term in the state House of Representatives," he said. "I can say I have no desire whatsoever to be running for reelection to this office when I'm 70 years old."

Angly said he is angered and offended that while Texas' representatives and senators strive to keep the state's finances on an even keel without tax hikes, the state treasurer is wasting and deliberately losing state revenue through corrupt investments.

"No bank anywhere would be run the way the state treasurer operates the state funds of Texas," he said. "I don't believe the voters want to tolerate this."

## Swearingen Rites Today

Floyd E. Swearingen, 72 years old, long time resident of Happy, died at 10 o'clock Tuesday night in Swisher County Memorial Hospital.

He had been a resident of Happy for the past 68 years having moved there with his family at the age of 4.

He was a farmer and a member of Happy First United Methodist Church.

Funeral services will be held at 3 o'clock Thursday afternoon in LaGrone Funeral Chapel in Canyon. Officiating will be Rev. Weldon Tucker, pastor of the Happy Methodist Church.

Burial will be in Happy Cemetery. Survivors include the wife, Hazel; and a sister, Mrs. Edna Strohmeyer of Happy.

## Taxes. . .

(Continued from Page One)

of about \$37 million. Grimes assured the board members that the hospital district could run smoothly on the \$100,000 budget through next year.

A budget hearing has been called to approve the proposal on Aug. 21 in the Canyon Community Center.

Currently, the hospital board has just over half the \$1.5 million estimated as needed to construct a new hospital in Canyon.

Grimes said the board is contemplating issuing about \$800,000 in revenue bonds to obtain the other funds.

The hospital administrator told the board that initial workings with the hospital district's architect have been completed.

He said the hospital staff has worked with the architect to plan the overall scheme of the new 50-bed facility.

The next step is a review of large plans of the various parts of the hospital — the operating rooms, the emergency rooms, etc. — according to Grimes.

Had a party? Or giving one? Tell The Canyon News about it. Telephone 655-7121, or stop by the News office on the south side of the square.

Kim Landram, daughter of Mr. and Mrs. Frank Landram of Canyon, and April Bell of Odessa enjoy ice creams during the hot afternoon Tuesday. Both girls are taking a

break from the routine of the annual summer band camp sponsored by West Texas State University.

## In Panhandle Area

# Tornadoes Seem Inevitable

About all you can say about tornadoes in the Texas Panhandle is that they're seemingly inevitable.

And, you could say that people in the Texas Panhandle are very aware of tornadoes.

Two West Texas State University researchers hope to be able to say more about the weather phenomenon which annually sends area residents to their cellars in anticipation of disaster.

Vaughn Nelson, an instructor in the physics department, and Kenneth Brehob of the department of geography, began a study last year of tornadoes in the Panhandle and South Plains area. Only preliminary information is available from the study and it is too early for the two to do anything but speculate that the causes of tornadoes may be more than mere chance.

Starting with the original purpose of compiling a map of tornadoes in the Panhandle area, the researchers also correlated their tornado data with local physical topography and population density hoping this would possibly explain the tornado concentration in the South Plains.

Evidence turned up in the preliminary study can only lead to speculation rather than hard facts.

Nelson cannot say for a fact, for example, that percentage-wise tornadoes strike more on high ground than on low ground. But, here are the facts.

A total of 840 tornadoes were reported in the Panhandle from 1953-1970, making Texas the leading state in number of tornadoes reported annually.

The researchers used data compiled by the U.S. Weather Bureau for the years from 1916-1970.

"The number of tornadoes reported increased markedly in 1953 since that was the year the National Weather Service instituted its tornado warning system," the research report says.

"Therefore the density of tornadoes is higher in areas where the National Weather Service has a higher density of tornadoes."

The researchers used data compiled by the U.S. Weather Bureau for the years from 1916-1970.

"The number of tornadoes reported increased markedly in 1953 since that was the year the National Weather Service instituted its tornado warning system," the research report says.

"Therefore the density of tornadoes is higher in areas where the National Weather Service has a higher density of tornadoes."

does is divided into two major periods, 1916-1952 and 1953-1970.

Noting that public awareness was probably the cause of the larger number of tornadoes being reported after 1953, the researchers also noted a difference pattern in the density of tornado sightings between the two periods.

"...the density after 1953 is concentrated in the center of the study area, whereas the large number along the eastern boundary is similar to the pre-1953 densities," the report says.

The study report ways that elevation seems to effect tornadoes. Lower elevations have more reported tornadoes than do higher areas.

"This would seem to indicate that terrain affects tornadoes or the storm systems that spawn tornadoes," the report says. "A more plausible explanation is that this region is sparsely populated and the tornadoes are not reported."

The report says there is a high correlation between the numbers of tornadoes spotted in an area and the population of that area.

The research also indicates that the pattern of where tornadoes

does will strike is fairly constant, with the areas near Lubbock reporting many tornadoes.

The report ends by saying there is no conclusive evidence of the effect of terrain and relief on the density of tornadoes.

The report may end, but the research continues.

Vaughn and Brehob have obtained more weather data and will begin soon determining probabilities that tornadoes will strike certain areas. They want to see also about the probability of a tornado hitting a certain section of the Panhandle.

But, until their report is finished, Panhandle area residents must live with the gamble of the untamed tornado.

## All In Line Of Duty

City Patrolman Steve Wisniewski was driving around in his patrol car about 1 p.m. Tuesday and he

passed by the High School bus barn on 8th Street.

Glancing at the barn, Wisniewski noticed a man perched atop the barn waving his arms wildly.

Wisniewski turned around, drove back by and the man-atop-the-barn waved his arms as if in distress.

The Canyon policeman pulled up to the barn and discovered that the unidentified bar-sitter had climbed to the roof to kill insects and his ladder had fallen to the ground, stranding him with no way to descend.

Liquid SEVIMOL<sup>®</sup>  
CARBARYL INSECTICIDE

now labeled  
for control of  
CORN  
BORERS

If Southwestern corn borers tunnel into stalks and lodge your plants, you'll lose plenty in profits. Keep them out of your crop with liquid SEVIMOL.

Recently labeled for use against the Southwestern corn borer, liquid SEVIMOL insecticide will help keep your greedy feeder from wrecking your crop and reducing your profits. Here's how to use this outstanding insecticide:

Start examining your crop now because the maximum hatch period lasts from mid-July through mid-August. If egg masses or larvae are present on 50 to 75 percent of your plants, apply SEVIMOL. Then plan a second application 7 to 10 days later.

SEVIMOL is a combination of molasses and dependable SEVIN carbaryl insecticide. Dispersed in water and sprayed in low-volume applications, it gives you a heavy spray that falls fast and sticks to plants, resisting wash-off by rain and irrigation. And SEVIMOL not only gets Southwestern corn borer, it also controls corn earworm, fall armyworm and certain other corn insects.

This season, beat Southwestern corn borer to the punch with the power of liquid SEVIMOL insecticide. Your dealer stocks it. See him today.

# Prices, Socialism In Sweden Eyed By Instructor On Tour

Miss Chick White saw a part of Europe this summer that few Westerners see.

Miss White, an English instructor at West Texas State University, toured Scandinavia and spent a good deal of her time above the Arctic Circle in Norway and Finland.

It was the second trip across the Atlantic in several years for Miss White, but this time she tried to see things she hadn't seen before and she managed to avoid to a great degree the thousands of tourists which swarm Europe every summer.

Her whirlwind 21-day tour took her from New York City to Copenhagen, Stockholm, into Lapland, to Helsinki, East and West Berlin, Potsdam and Vienna.

Miss White spent six days in Lapland, a part of the world which never sees the sun in winter and is blessed with sunshine 24 hours a day in the summer. In fact, she was above the Arctic Circle during the longest day of the year.

She traveled by train in Lapland and saw and photographed the beautiful fjords and snow-capped mountains.

The people of Lapland, Miss White said, keep to themselves. They wear native costumes and speak a language which is apart from the rest of Scandinavia. The majority make their livings by hunting, fishing and trapping.

From Lapland, Miss White went to Sweden, where she was surprised by the high taxes, high prices yet the apparent happiness of the people.

"I didn't see anybody in rags," she said. "Everybody seemed well to do. And, there were no slums anywhere."

"I was talking to a waitress in a coffee shop and she said she pays 41 per cent taxes. She only makes about \$450 a month anyway."

Miss White said prices throughout Europe are high, but they are particularly high in Sweden. She told of a pair of boys who flew from New York to Copenhagen with her. They had purchased a new Swedish car in New York City for use on the trip.

"I thought it was odd they would buy a Swedish car in New York to take on a trip to Scandinavia," she said. "Then, I found out how that car would have cost about twice as much to buy in Sweden, the country which produced it."

Even so, cars in Sweden are very expensive. Miss White said a new Ford Mustang would cost about \$13,000. A new Volkswagen would cost about \$10,000.

As a consequence, she said, you see only small cars in Sweden along with a few motorcycles and bicycles.

The standard of living is high in Scandinavia, though, she said.

"Many of those countries are so prosperous they import Italians to do the menial work for them," Miss White said.

Prices were high everywhere. "I spent most of my money on Cokes," she said. "They cost between 50 cents and 80 cents a bottle there."

And, prices were no cheaper in Lapland.

"I went in a grocery store there and prices were no cheaper than they are here," Miss White noted. "I'll bet the things were about as high as they are in New York City."

From the colorful streets of Stockholm and Copenhagen and the bright costumes in Lapland, Miss White traveled to a city of contrast—East Berlin.

"People who had been to East Berlin before said it looked much more prosperous," Miss White said. But, she termed it drab.

While in East Berlin, Miss White's tour bus was allowed to stop only at a museum and at a Russian memorial.

In Potsdam, she was astounded by the military presence.

While in Berlin, Miss White discerned at least one East Berliner's attitude.

"I was talking to the Eastern Berlin guide and I said it was a shame our two countries couldn't get along," Miss White said. "He said we were two different societies. He said he wasn't a communist, but that he thought like they do."

From Germany, Miss White traveled to Vienna, where she attended concerts and viewed museums.

And, now, she's ready to go back.

"I'm all rested up and ready to go back to Europe," she said. "I think everybody should go at least once."

# Umbarger News Dancers Elect Officers

By SUSAN DOLLE

PISTOLS AND PETTICOATS Square Dancing Club held a covered dish supper and election of officers for a six months term Sunday evening in the Parish Hall. Elected to serve the group were Mr. and Mrs. James Skarke, presidents; Mr. and Mrs. R. D. Friemel, vice-presidents; Kathy Allen, secretary; Keith Rickwartz, treasurer; Mr. and Mrs. Willie Wiecek, social chairmen; Mr. and Mrs. Milt Suthers, property chairmen; and Mr. and Mrs. A. H. Lindemann, reporters. The officers will begin their term at the next meeting. The club will dance this Sunday with Herrick Allen, caller.

ACTIVITIES OF THE Umbarger Fire Department include a course held at Texas A&M this past week attended by Bernard Grabber. The course is sponsored by the Farm Bureau. Also, the volunteer association will hold its annual picnic at Buffalo Lake this Sunday afternoon for their families.

JOHN GRABBER OF the department reports that he has available a 1000 gal. water tank mounted on a truck which can be used during a fire.

AFTER A GENEROUS rainfall of 2.53 inches, many local residents made short jaunts with their families for a reprieve from farm activities. Seen at Carlsbad were the Jim Skarkes, R. D. Friemels, and Carl Hartmans. Tom Payne and Jack Brandt enjoyed the sights near Austin, while the Bernard Hartmans flew to Los Angeles where they visited Mr. and Mrs. Michael Raef. They also toured Hunting-

ton Beach and Disneyland.

E. A. STOCKER returned last week from Chicago where he attended the funeral of his brother-in-law, John Amedo. Mr. Amedo was the husband of the former Mary Stocker.

VISITING THE W. P. Jensen's this week are their daughter and son-in-law, Mr. and Mrs. Darrel Hersley. They traveled from Harrison, Idaho, to attend the wedding of Harold Hersley and Lucille Wilhelm in Hereford Saturday. Accompanying them on the 1500 mile trip are three of their four children, Jurt, Chad, and Anne.

AMARILLO HAS BEEN chosen as the site for the annual convention of the Catholic Life Insurance Union for 1973, report John Wiecek and Vincent Ehly, officers of the Umbarger branch who attended this year's convention in Victoria July 14-16. An associated organization, the Catholic State League, will also hold its meeting at the same time and place. Tom Acker, Nazareth, area representative for Catholic Life Insurance, will be in charge of arrangements for the city of Amarillo. He will be assisted by officers of the insurance branches within the Texas Panhandle. This is the first time in the history of the union that the meeting will be held in Amarillo.

Miss Chick White, instructor at West Texas State University, looks over a map of Scandinavia, a region of the world she toured recently. Miss White returned to her home about two weeks ago after a several weeks visit in Europe.

## News Brief

Mr. and Mrs. Stan Collins and Don, 1106 Creekmore, have returned from a week's vacation on their cabin cruiser at Lake Texoma spent fishing, skiing, swimming and sunning themselves.

## All-Stars End Season

Canyon's Little League All-Stars ended their season Tuesday night as runner-up for the district.

The 'Stars were beaten 26-1 in the district championship game by Borger.

Losing pitcher was Terry Collins. He was aided on the mound by Monty Harrison and Ches Bostick.

The All-Stars beat Memphis Monday night in tournament action at Dimmitt.

The final score was 5-1, with Ty Pruett the winning pitcher. Pruett had eight strike-outs and one walk for the evening. Stan Cranmer and Ches Bostick hit home-runs in the ballgame which led the 'Stars into Tuesday night's game.

The team is coached by Gary Fletcher and Keith Keeling.

## Motion Denied In Wreck Case

A motion which argued that Melvin Glenn DeBord, 21, of Amarillo was not guilty of gross negligence in a mid-April car-truck accident which claimed the life of another Amarillo man was denied this week by Acting County Judge Elton Cox.

The motion, presented by DeBord's attorney, Harris Hampton, said the young Amarillo truck driver is guilty rather of simple negligence.

Hampton and representatives of the Randall County District Attorney's office presented briefs to Cox last Friday.

Cox had earlier denied a motion for continuance made by Hampton. Hampton had claimed that publicity given the accident would prejudice prospective jurors.

DeBord is scheduled to stand trial on the major misdemeanor offense on Aug. 1.

Calvary Baptist Church will observe their 20th Anniversary and Homecoming this week. Church secretary Cindy Towery, above, leaves after a busy day of assisting with preparations.

## Calvary Baptist Church Marks 20th Year

Next Sunday has been set aside as a 20th Anniversary Celebration and Homecoming by the congregation of the Calvary Baptist Church. The Rev. Mel Hardin, pastor, has stated that it will be "a day of praise for what

God has done for us in the past 20 years and anticipation of what He will do in the days to come."

After regular services Sunday morning, the congregation and guests will gather on the church lawn to share picnic baskets and memories of their association together.

A special Anniversary program will be held at 2 p.m. featuring addresses by the Rev. Chester O'Brien, superintendent of missions for the Amarillo Baptist Association, and two former pastors of Calvary Baptist Church, the Rev. Aaron Mann of Baytown, Tex., and the Rev. Jack Boyett, pastor of the Bell Ave. Baptist Church in Amarillo. The Rev. Boyett served here from Feb. 1963 to Oct. 1967, and the Rev. Mann served from 1957 to June 1962. Selections of special music will be sung and played also.

Since Calvary Baptist was first organized into an independent church on July 6, 1952, with 75 members, it has grown to a present resident membership of 520 of which 175 have been added during this church year. Many of the new members are students at West Texas State University.

A chapel erected in 1950 under the sponsorship of the First Baptist Church was the original forerunner of the present church building. Ground-breaking for a new educational building took place on October 21, 1956, under the direction of the Rev. Davis Harrell. On Dec. 16, 1962,

### Dry Weather Due In Area

After last week's rains in Randall County, residents settled in to a dry spell which extended through Wednesday night.

High humidity and temperatures in the low-to-mid 90s prevailed in Canyon this week.

More of the same is expected through tonight. Temperatures are expected to be in the low 90s with southerly winds.

ground-breaking ceremonies were held at 1212 9th Ave. for a new parsonage. Men of the church formed work committees and actually built both educational buildings and parsonage.

When the early church building would no longer hold the growing congregation, Calvary Baptist Church under the leadership of Rev. Jack Boyett conducted a new building campaign. On Sunday, July 4, 1965, ground-breaking for the present sanctuary and education building at 808 8th Ave. was held. It was completed in October of the same year.

The first Chapel Chimes bulletin was published April 22, 1950, announcing the coming of Tom Watson, a student at Eastern New Mexico University in Portales. He later became first pastor of the Chapel.

The first pastor of the church was the Rev. J. E. Burkham, who served from December 1952 until Rev. Harrell came in August 1955. The Rev. Mann served from 1957 until June 1962, and was succeeded by interim pastor, Rev. Argus Barnett, until the Rev. Jack Boyett assumed the position in Feb. 1963. He was followed in Feb. 1968 by Rev. Freeman, who served until the present pastor, the Rev. Mel Hardin, came in Nov. 1971.

Six of the original 63 charter members of the church are still active in membership. They are Mr. and Mrs. Russell Thompson, Mrs. L. C. Ruthart, Mrs. W. E. Roberts, and Mr. and Mrs. O. C. Free. Russell Thompson has been treasurer of the church since its inception.

The current clerk of the church is Mrs. Leroy Miller. Deacons are Roscoe Richardson, chairman, Eric Burnett, J. W. Youngblood, Ray Johnson, Ray Bible, Don Davis, Charles Hunter, Leroy Miller, and Russell Thompson.

A Sunday School enrollment of 337 is now recorded at Calvary Baptist Church. There is also a men's organization, the Brotherhood, of 20 members, a Women's Missionary Union of 25, and about 40 young people in youth groups.

## Gene Howe News Eagle Watcher Falls - Hefleys Join Stamp Buffs

By TROYCE MULHERIN

### GREETINGS:

**VACATION BIBLE SCHOOL** will be held at Hollywood Baptist Church beginning July 31 and winding up activities on August 4. The hours are nine until twelve o'clock, and youngsters ages four through twelve are cordially invited to join in Bible study, mission study and some Bible stories. Refreshments will be served about mid-morn, and there will be a recreation period. Preregistration will be held Sunday, July 30, at Sunday School but is not a requirement. Any youngster who shows up with Bible and pencil in hand Monday, July 31, at nine o'clock, will be warmly welcomed. Some of the older young people at the church will be working with the younger young people, so there will be lots of fun going on, too.

A **GET-WELL** wish is sent along to Betty True, wife of Dan, who is currently residing at St. Anthony Hospital in Amarillo, waiting for a broken wrist and a broken pelvis to mend. Dan was teaching Betty the "in's and out's" of eagle watching. In an attempt to lower herself down the side of a cliff via a rope staked in to the side of said cliff (which activity is referred to in some circles as "repelling") something somewhere gave way and Betty fell approximately twelve feet. She may not have picked up many "in's and out's," but Betty has definite knowledge of the "downs" of eagle watching, and Dan has probably lost an assistant for a while. At any rate, get well soon, Betty.

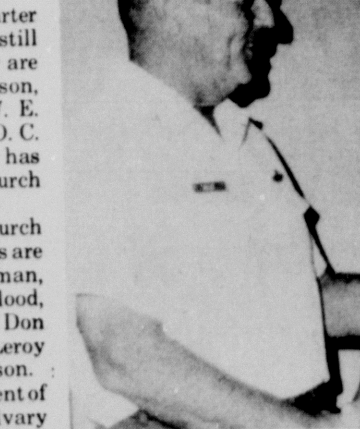

**STEVE ZANCHETTIN** is now a teenager, having reached such status on the 23rd of this month. Many happy to you, Steve.

**KIRK BALKE, SON** of Beth and Dick Balke, emerged second and his bicycle came in third, in a recent confrontation with a go-cart. An upcoming birthday on the 29th should hasten the healing process of his cuts, scrapes and bruises. Kirk and friends will celebrate with a Scotty Putt party and a very special birthday present.

**HAPPY ANNIVERSARY** TO George and Darlene Bell; who will observe same on the 29th.

**AFTER VISITING** FRIENDS in Tulsa, Doug and Phyllis Ford spent several days camping out and fishing at the Lake of the Pines in Oklahoma.

**A HAPPY BIRTHDAY** to Margaret Ingram on the 28th. Happy to Jean Keith who celebrates on the 26th. Many more to you both.

Master Sgt. Hilary P. Brzostowski (right) is presented the U.S. Air Force Commendation Medal at Sheppard AFB, Tex., by Colonel Thomas Miller, commander of the 3750th Technical School. His wife, Marilyn, is the daughter of Mr. and Mrs. John M. Crews of 101 Mescalero Trail.

### Milk Levels Announced

A report of milk production levels attained by dairy cows in the area has been received from Holstein-Friesian Association of America.

The actual food production output, recorded in the DHIR program, by these local Registered Holsteins is:

Palo-Duro Pioneer Exec Goldie 6906990, a three-year-old, produced 25,370 lbs. of milk and 829 lbs. of butterfat in 305 days. Palo-Duro Pioneer Bess Lou 6976036, a three-year-old, had 22,840 lbs. of milk and 796 lbs. of butterfat in 305 days. Palo-Duro Charming S Artis 7108119, a two-year-old, had 19,330 lbs. of milk and 720 lbs. of butterfat in 305 days. Palo-Duro Noel Starlight Dolly 7275744, a two-year-old, had 16,420 lbs. of milk and 660 lbs. of butterfat in 309 days.

All are included in the herd tested for Louis G. Henders, Canyon.

These new production figures may be compared to the estimated annual output of 9,388 lbs. (4,366 quarts) of milk and 345 lbs. of butterfat by the average U.S. dairy cow, the National Holstein Association said.

Production testing is made available through the cooperative efforts of the state and local testing associations and Holstein-Friesian Association of America. Dairymen enrolled in the program pay for the service.

**CENTRAL  
CHURCH OF CHRIST**  
4th Ave. at 21st.  
**WELCOMES YOU**  
SUNDAY  
EARLY WORSHIP — 8:30 a.m.  
BIBLE SCHOOL — 9:30 a.m.  
LATE WORSHIP — 10:20 a.m.  
EVENING WORSHIP — 6:00 p.m.  
WEDNESDAY  
LADIES' BIBLE CLASS — 10:00 a.m.  
WEDNESDAY  
MIDWINTER SERVICE — 7:30 p.m.

While mom and dad were having good luck with the fishing, the Ford children, Sherry, Linda, Mark and Kim, were being royally entertained by their grandparents, Mr. and Mrs. Tom Johnson of Durant, Oklahoma.

**SHERY FORD** is currently involved in music camp at West Texas State University. She was elected one of four twirlers for Canyon Junior High last school term, and is undertaking the two-week course in preparation of her upcoming duties.

**PAULINE HEFLEY** has returned from a fun-filled trip with her mommy and daddy, Mr. and Mrs. Leo Elliott of Quanah, and her twin sister, Catherine Elliott of Wichita Falls. The four some motored to San Antonio and then to Port Lavaca. They joined 183 other guests at the home of Mr. and Mrs. Jim Cryer, where the annual meeting of stamp collectors from all over the United States was being held. The collectors met to compare, trade, sell or buy stamps, and as Mr. Elliott is a "stamp man" he particularly enjoyed this portion of their trip. Pauline was quite impressed with one stamp which cost its proud possessor something like three thousand (and that's not in terms of cents). From Port Lavaca they drove on to Houston to visit with Pauline's aunts, Pauline Kunze and Catherine Jackson, and to pick up daughter Alexis, who had been traveling with the John Blomshields. The Blomshields group had been visiting in Lubbock and round about, taking in Six Flags before going on to Houston. After some congenial conversation, delicious eating and a few tennis games, the Amarillo people came home to Amarillo, the Quanah people went back to Quanah, all with some more cherished memories stashed away for a rainy day.

**DARLENE CAMPBELL** and her two lovely daughters, Kelli and Darla, and her charming mother, Mrs. Judy Wakefield, have returned from a family reunion at Henderson, where they spent several days visiting and reviving old stories with the rest of the family. They spent some time in Denton visiting with Darlene's brother and his wife, Darrell and Dot Wakefield, then Darlene took her mother to Springtown. Darlene says Springtown is near Jaybird, which is near Agnes, two of which are not on the map. You guess which two. Darlene and her girls had a fun time at Six Flags before returning to Amarillo.

**DOANNA AND BILL** Vance have a new baby son, named Shawn. The Vances had moved from Gene Howe territory several months ago to live and work in Iowa, and word is they may be back with us soon. Congratulations on the birth of your new son.

**ARLEAN AND F. P. Todd** have been entertaining some of the Jones girls. Danna and Susan, daughters of Mr. and Mrs. Henry Jones of Oklahoma City, have been entertaining the Todds, too. As is normal when a bunch of girls get together, they have been doing a lot of shopping, swimming and giggling. Thirteenth birthdays are important birthdays, and Arlean was pleased to be hostess for Danna's swimming party in celebration of her thirteenth.

**THE JONESSES AROUND** in the Todd family tree, and Arlean, Floyd and Frank Jones, all cousins of Arlean Todd, and all from Phoenix, Arizona, have recently been visiting in the Todd home.

**BOB AND CARLEEN** Curlee have returned from a successful house-hunting expedition to Atlanta, Ga. Bob has acquired the title of Branch Manager of the Standard Electric Time Company office located in Atlanta, and the Curlee family will be moving around the first of August. Their new home is actually located in Marietta, a suburb of Atlanta, and Carleen is very pleased with their selection. Gene Howe's loss will be Atlanta's gain, as this fine family has been an asset to our community—we will miss you all greatly. Incidentally, the Curlees have some fine type kittens who prefer to stay in the Gene Howe area; so if you have a good home for a needy kitty, call.

**THE MEN** in the Leonard Schmidt family celebrated Len Schmidt's thirteenth birthday with a cake made by his brother, Steve. A ten speed bike was Len's bestest present. While the menfolk were partying, Glenna and Carla attended a wedding in Vernon. Carla served as a flowergirl for the wedding of Larry Bird

and Penny Lewis. Penny is the cousin of Glenna. Penny and her new hubby will make their home in Canyon, while attending West Texas State.

**FIVE GENE HOWE** students are members of the Randall County All-Star Baseball Team. In their win over Dimmitt, Terry Collins was starting pitcher; Chris Bostick, catcher; Davy Camfield, first base; and Steve Schmidt, second base. Davy's homerun tied the score five to five; and, Steve's roundtripper broke the tie and led to an eight to five win. Monty Bell also plays on this team. These boys are putting forth every effort to garner the championship, and we Gene Howe people are cheering them every inch of the way.

**TOP PRIORITY! URGENT! Vital!** Everyone interested in expanding the Canyon tennis program underway needs to meet at two o'clock, Saturday, July 29, at the West Texas State tennis court stands. Those meeting will investigate the need and the possibility of increasing the program to enable youngsters starting tennis in the seventh grade; the possibility of receiving credit for such classes; and perhaps even obtaining a full-time coach. These are high (but important) goals, and the support of all you tennis buffs is vital—so, mark Saturday the 29th at two o'clock on your calendars and go on over and do your part.

## Miss Dunlap Showered - Group Goes To Frontier Days

BY MARY NEAL HENRY

THIS IS the week-end of the big reunion for the Key Champs and Jones Boys. These are the Grand Family with which I served and I am looking forward to seeing all them. Amos Ratjen called from Joan's house in Happy the other day to see if I were going to get to make it. Friday afternoon, Eastern Stars from all over Texas should arrive in Amarillo and will eat and see "TEXAS" in Palo Duro that evening. Saturday, they'll tour Boys Ranch at Old Tascosa and be their guests for lunch. Saturday evening we'll wear our hostess gowns to the banquet in the Tropical Room at the Inn. Before leaving, we'll enjoy a breakfast and devotional Sunday morning at 8 A.M. I know I won't get to attend all of it, but I do plan to see as many old friends as possible.

DANNY BELL, Second from the youngest son of Doug and Peggy Bell, was seriously injured when he was pulled from a riding lawn mower

when a poncho he was wearing became entangled in the blade. The incident happened in Bell's yard and Danny was choked when he could not free himself. Little Wade Bell (youngest son) ran to the neighbors for help and Mary and Eddie Womack were home, and when the rope was finally cut, David Womack, (who was doing some painting at his folks', I understand) gave Danny mouth-to-mouth resuscitation. This probably saved Danny. His parents took Danny to Nebbett hospital and he was transferred to the Intensive Care Unit of St.

Anthony's. This happened on Wednesday of last week and Danny was brought home from the hospital on Sunday evening. He is supposed to remain quiet for a time. Danny is fourteen years old.

DEAN AND NETA Todd have opened their new restaurant on the Tula-Dimmitt highway. Come to think of it, I don't even know where it is. But Dean has signs up to point you in the right direction. They serve fish of course, and also bar-b-que and other foods. Dean, Neta, and DeAnn are open from 11 a.m.-9 p.m. on Monday through Thursday and 11 a.m.-10 p.m. on Friday and Saturday.

BECKY DUNLAP and Gary Culp's bridal shower at Mary Jane Miller's was Saturday. Mary Jane, Myra Nell, Becky Mrs. Dunlap, and Mrs. Bertie Culp greeted guests in the receiving line. Jane Watson registered guests. (That is Janie McDonald). Willa Jane McManigal and Kay Penn (Mrs. David) served cookies, punch and coffee and nuts from a table centered with bright orange and yellow daisies in a wicker basket atop an avocado green cloth. The center piece was presented to Becky from the hostesses. Out-of-town guests included Mrs. Cecil Baxter from Floydada. (Mrs. Baxter gave Becky and Gary a bridal shower in Floydada on Friday morning). Mrs. Lucille Carter, Myra Nell's sister, Mrs. Julian Edmondson of Phillips and Mrs. Shelby Cook of Amarillo.

BECKY AND GARY opened the gifts on Friday night at Mary Jane's. Friends and family who shared the happy evening with them were Ed and Karen Wright; Jim, Willa Jane and Christy McManigal; Nig Taylor, Bob, Pat and Tricia Hargraves; Leona

McFarland; Lonas Wright, Lorraine McDonald, Mr. and Mrs. R.G. Dunlap, Mr. and Mrs. Cecil Baxter, Johnny Baxter and Judy Mars, Anna Bee Robinson, Mrs. Bertie Culp, Everett, Myra Nell and Wicky Culp, Jane VanDever, Louise and Nancy White, Marta Kay Donnell, and Mary Jane. Cakes, coffee and cookies were served.

HAPPY JAYCEES and Jaycee-Ettes attended a records work-shop in Muleshoe on Saturday evening. Lloyd and Susan Rahlfs, A.J. and Alice Malone, Dick and Dottie Foster, Gene and Judy Shipman, Norman and Joy Freeman, Dean and Donna Bryan attended. Steve Shores, National chairman, presented the ROC program which will replace records and recognition.

HAPPY JAYCEES met Monday night. They plan to have a clean-up day on Saturday around the hall and gather wood for the bar-b-que again on Sunday afternoon. Happy Day Celebration plans are in the final stages. Plan to be with us on August 17, 18 and 19th.

BECKY LYNN, (Harry and Mona Beth Gilham's daughter) is visiting here with her cousin, Connie Hand. Becky Lynn is the Worthy Advisor of Brownwood's Rainbow Assembly and visited the Happy Rainbow Assembly last meeting.

OCIE AND SUSIE Parsons also visited the Happy Rainbow Assembly last meeting.

EARL COBB of Oklahoma, who just retired as postmaster of McCurtain has just been visiting Clois and A.J. Greenfield. CLOIS AND A.J. Greenfield, C.J., Camilla, Cari, Shelley and Andy Greenfield, and Bill and Mabel Sims left Friday for Charetta Lake and will be gone until July 30.

DELL AND SKIP Davis (used to be Dell Greenfield) have been on a two-week tour of Canada and Alaska.

HALF OF Happy went to Cheyenne to Frontier Days. Tuffy Thompson and Shi Hurst will be entered in the roping there. Tuffy and Judy Thompson and family, Copus and Acie Del Boyd, W.T. and Jaunita Robinson, Shi and Kelly Hurst, Willard and Mildred Middleton, Simmons and Willa Elliott, Gracie Lee and Frank Tirey, Cone and Sweetie Johnson, Carl and Nell Sims, June and Clyde Hancock, of Happy and Jimmie and Don Ed Middleton are in Cheyenne, Wyoming. Most of them left Sunday. I know the Hurst and Thompsons left earlier. Joanna Hurst is staying with Squad and Beulah while Shi and Kelly are in Wyoming.

MRS. WINFRED Padgett and children, Susan, Langley, and Lee of Pea Ridge, Arkansas have been visiting Nancy and Walker Parker in Happy and Mrs. Padgett's parents, Mr. and Mrs. Sam Adams in Canyon.

WENDY SIMS, Rocky Giddens and Kevin Donnell went to New Mexico Sunday to return a horse. Wendy tells me they drove up north of Las Vegas just as far as a pick-up can go. Pretty country!

WILLIE BUTLER is in the hospital for tests a few days of this week. She entered on Monday evening. Willie has worked diligently on this Key Charm and Jones Boys Reunion. This is not the week for you to be ill, Willie.

MRS. JACK Foster had a tupperware party on Thursday of last week. I'm sorry that I was unable to attend, but Hand Rossi came by that afternoon and I ordered floor covering so I couldn't leave. Mrs. Foster, I apologize for being unable to attend.

LENA AND BABE Walberg and Jo Sharp took Kevin and

Robin Smith back to Dallas last week-end. They left on Thursday of last week and returned on Sunday. Nancy had just begun taking therapy and is doing remarkably well. Both legs are in a cast and she walks with a walker (and a therapist making sure nothing happens that isn't supposed to).

NANCY IS able to visit both boys now in parts of the hospital where the eight year old is allowed and of course, this is good medicine. Robin and Kevin are fourteen and eight.

NANCY IS writing Thank You's but she asked Lena to help convey the message to everyone also. Nan is really thrilled to hear from all of you. If you've found a cute card lately, her address is still Nancy Smith, Room 6435, Baylor Hospital, Dallas, 75246.

FOSTER AND Phyla Harman met the Walbergs in Dallas on Friday and ate supper with them and visited Nancy. They also met their daughter, Lynn, and brought the granddaughter, Kelly home with them on Saturday.

JO (WALBERG) Sharp leaves for Scavenger, Norway, on August 6. Dave Sharp called the family in Dallas on the week-end and talked to them and to Nancy (from Norway) and made their week-end complete. Dave and Jo and the children still at home (three of them) one is married and two are in college, will be in Norway for a minimum of five years.

MRS. S.E. Vaughn was surprised with a birthday party on her 86th birthday on Monday, July 17. Seems as if Lola Bowe had a big hand in planning it and Mary Mayes and Elsie Foster helped in the kitchen. Jeanne Parker assisted with the serving. Others attending were Mabel Holloway, Kate Vernon, Lorraine Foster, Anna Mae McManigal, Annie Reed, Alice Penn, Nancy Parker, Ruby Oler, Ola Smyth, Geraldine Hambleton, Ethel Wesley, Jane Thornton, and later Lena Ponder dropped by for cake and coffee. Lena Bell, Wanda Bates, Frank and Gracie Tirey, and Lizzie Wesley remembered Mrs. Vaughn but could not attend.

LOLAINE AND DON Foster have recently visited Waller in Dumas. Waller is to have surgery soon.

THE HAPPY BRAVES had a winner today to celebrate their season at the Vincent Venhaus Home recently. They had to roast the winners in the garage, but the Venhaus's have a nice double garage, dart games, and ping pong so that probably didn't bother much. Coaches Gene Shipman, George Tirey, Albert Null, and Raphe Shipman, Mike Weavers, Danny Wrenn, Sidney Eads, Chuck Walker, Rod Walker, Vincent Ray Venhaus, Luther Vandergriff, Kyle Odum, Devin Odum, Gregg Hampton, David Lane, Hol Toles, Tommy Pettito enjoyed this social.

THE LITTLE League All Star Game was rained out last week-end. The first one was to be played at Happy since the Happy Braves won the league. The second at Nazareth, and the third if need be. First game is rescheduled for Tuesday night at Happy. Too bad this deadline is before then.

SOFTBALL ALL-STARS will be playing in the Dimmitt tournament this week-end. (Girls, that is.) Did you know they beat their mothers the other night by one point?

SANDY AND KIP Morgan and Zane and Larry Carter served calf fries to the Tri-State Club members Saturday night at Windy Acres. Those attending were Randy Bell, Ken Henry, Debbie Magnus, Pam Shipman, Valerie Tipps, Jan Shipman, Wendy Sims, Rockie Giddens, Sheri Henry, Kevin Donnell, Karen Murdock, Mark Hargraves, Chris Pearson, Teddy O'field, Sharen Dietz, Gary Barrett, Brenda Dietz, Steve Cole and Jana.

BILL PEARSON returned from the State 4-H Horse Show on Sunday night. He won first in the tie-down calf roping, which is judged on roper's form and horse's performance. Bill is one of 30 who qualified to participate in the National 4-H Finals to be held in Dallas, August 4 and 5.

TOM HENRY, Eugene Jackson and Ronnie Jackson, and Don Magnus took Maude and Mae to Claude Saturday afternoon. Mary Ann Sims, Miss Happy, and Melissa Null, Little Miss Happy, rode on the buckboard of the mule wagon with Tom in the parade at Claude. Later, Ronnie Jackson rode with him on the grand entry at the rodeo. Of course, they carried the big sign advertising the Happy Days Celebration.

WE HAD two pleasant surprises Monday. Mr. and Mrs. David Matthews and their daughter, Brandy, dropped by. Brandy (two years old) left her footprints. It was o.k. because she is the only great in this family. LAVENNE AND EUGENE Jackson and their family invited us for supper Monday night. And it was delicious! We enjoyed it!

Mrs. Jane Barnett and Miss Geneva Dominguez, employees in the WT Ex-Students Association at West Texas State University,

look over an advertisement which ran recently in the Houston Post. The ad was sponsored by 17 WT ex-students.

## Palisades Palaver

### New Drivers Take To Road

By VICKI HOOKER

THIS WEEK ENDS the second session of Driver's Education in Canyon, and four weeks of chaos for the parents of the kiddoes who took it!

AMERICA'S HIGHWAYS - GET ready.

These ex-driver's ed students are now equipped not only with a license, but also with the know-how to help make them good defensive drivers. So those of us who have been driving for several years, and have become rather lazy about it, need to be on our toes. These new drivers are going to be ultra-cautious for a while, and they won't hesitate to point out mistakes we "expert" drivers make.

WE ARE VERY proud of all of you new licensed drivers, and especially proud of those in the Palisades area. From the Palisades are Rodney Thompson, Sharla Wright, Mike Hooker, and Stan Hooker, Charlene Moulton and Connie Davis (1st session) from Palisades Road, and from Lake Tanglewood - Tanya Hunter. Congratulations to all of you!

YOU REMEMBER LAST week we were introduced to the Cliff Griffin family? If you'd like to add their phone number to your list, it is 622-1209. Haven't been able to find a number for the Poindexter's, another new family to the canyon.

ONE NIGHT LAST week we were down at the boxcar and ran into Mr. and Mrs. Fowler who were out picking up cans along the road and around the creek. Not only were they doing our community a favor, but they were also making a little money! Mr. Fowler has been in poor health and they are trying to sell their place so they can move into town. We certainly hate to lose such good neighbors, but we can understand their desire to be closer to the doctor.

THAT SAME NIGHT at the boxcar we talked to Roma Dustman. She said that at that time, Timmy, who received a broken leg last week in a motorcycle accident, was doing well even though he was in traction. He had had some problems with muscle spasms which were quite painful, but these were caused by his being unable to relax. That was a week ago and by now he's probably doing much better. At least we hope so!

A NEW "BUG" has struck in

the Palisades! Yes, it's Jerry Seitz's Volkswagen which he received as a birthday present. Jerry was 16 last Friday, July 21. Congratulations, Jerry, and many happy returns!

SPEAKING OF GETTING something new, Paul and Joyce McDonald got a new boat recently. So Joyce decided she'd better learn to swim! She's been taking lessons at the Osage Pool, and so far she's learned to float. Congratulations, Joyce!

THE McDONALD'S TOOK their new 19 ft. boat with the 160 horsepower engine to Lake Meredith last Sunday, and while Paul was learning to ski, Joyce was learning to drive the boat! All the family had a very good time, and now we know Joyce is really hoping for a rise in the creek so instead of driving to the Webb's she can take the boat!

JAMIE WALKER AND Joe Moss have done it again! Jamie, on his new Penton 100, came home last weekend with three trophies, and Joe, on his Penton 125, boasted two. Last Sunday at the Pit, Joe won first in TT scrambles and fifth in motocross. At Greenbelt, also on Sunday, Jamie came in second in motocross. Later on that night at the Speedbowl he came in second in TT scrambles and fourth in motocross. You boys have worked hard and we know you are extremely proud of what you've accomplished. Congratulations to you both. We are proud of you.

WE WISH THE Walker fam-

## Costleys Feted On Anniversary

Mr. and Mrs. R. G. Costley, northeast of Canyon, were honored in their home Sunday, July 23, with a surprise 20th Anniversary party by family and friends. Hostesses were Mrs. Floyd Thomas, Mrs. Louis Thomas, Mrs. Tony Thomas, and Mrs. Lida Crow.

The table was centered with a two-tiered, white wedding cake topped with a bride and groom standing under an arch decorated with pink and white roses by Mrs. Albert Fithen of Claude, an aunt of Mrs. Costley. Silver service for coffee and white napkins trimmed with silver wedding bells were used.

Approximately 50 guests were served cake, coffee and punch by Miss Sherie Costley and Miss Jimmie Carol Crow. Mrs. Gene Johnson and Mrs. Knox Day prepared and served chips, dips, and snacks during the afternoon. Mrs. Costley is the former Vir-

ginia Thomas, daughter of Mr. and Mrs. Floyd J. Thomas, who reside northeast of Canyon. Mr. Costley is the son of Mr. and Mrs. Glenn A. Costley, north of Canyon.

The Costley's three children, Randy, Andy, and Sherie, were present for the celebration. Also present were Randy's wife Carole and his daughter Candy.

## Exes Buy Ad Space

Seventeen ex-students of West Texas State University bought an advertisement recently in a special section of the Houston Post to tell about the University.

"If you want to know where you will be in the nineteen seventies the place to start is West Texas State University," says the add, which is two columns by 10 inches in depth.

The advertisement was accompanied in the special section by a short story about West Texas State.

The ad stressed the faculty-student ratio of the school, which is about 1 to 22, the growth of university with maintaining academic excellence, the nearly \$10 million in new buildings, the multi-million dollar activities center, and the six colleges and schools of the university.

The ad was sponsored by Mr. and Mrs. Boyce Box, John T. Broadway, Roger Bryant, Duane Byars, Leon Chapman, Henry Davis, R.A. "Bob" Ehlers, Mr. and Mrs. Harold Erwin, Wayne Fox, Melvin Jayroe, Connally Lockhart, David Plank, Wix Price Jr., Wayne Rankin, Joe Y. Sneed, Frank Wise and Bruce Womack.

and she'll be trying for another on the 30th. If you get a chance, go on out and see her! Admission is free and the games last all day! CONGRATULATIONS TO my mom, Mrs. Ruth Bryan, who was "KPUR Sweetheart of the Day" last Monday. Couldn't have happened to a nicer person! THANKS FOR THE news, neighbors! Keep it coming in. See ya next week!

## Lake Tanglewood News

WE EXTEND DEEPEST sympathy to Mr. and Mrs. Lawrence Van Doran. Mr. Van Doran's sister died last Saturday night as a result of injuries she received in an auto accident near Lamar, Colorado. Her husband is in an Amarillo hospital at present. Of course, Claudine Van Doran was unable to get news items this week, so we don't have much. Many thanks to Lorene Walker who gave me what news she could think of.

THREE LADIES, MRS. Casey, Mrs. Dolcater, and Mrs. Robins provided special music for church services last Sunday. Two of them played accordions and one played the violin.

WE WISH JIM Thomas well as he travels to Houston on the 29th for tests. Here's hoping all will be A-O-K!

RECENTLY RETURNING from business trips are Bill Zelsman, who attended a flower convention in San Antonio, and Deward Walker, who was on business in Austin. Welcome home, fellas!

DEWARD'S SON, Donald Walker, recently moved to Lubbock where he will be working for the new J. C. Pennys' Store. Good luck to him in his new job.

WE WILL HAVE more news next week, but I know you understand why it was so scarce this time. Again, we are terribly sorry about your sister, Lawrence. May you and your family find the strength you need in this time of sorrow.
